1. Welcome to BT Protection Plans Reserve

This document summarises the terms and conditions for BT Protection Plans Reserve (BT Reserve). BT Reserve provides cover in excess of that available under the BT Protection Plans Product Disclosure Statement and Policy Document (*BTPP PDS*) dated 1 April 2019.

For benefits provided under BT Protection Plans, the terms and conditions as set out in the *BTPP PDS* are applicable. The terms and conditions contained in this document apply to the additional cover provided under BT Reserve. Please note that BT Reserve, whilst enabling higher amounts of cover, does have restrictions on the ability to claim that do not apply to benefits under BT Protection Plans (as outlined in the *BTPP PDS*). It is important that you read this document and understand the differences and the restrictions.

What cover is available under BT Reserve?

The table below sets out the cover available under BT Protection Plans (as outlined in the *BTPP PDS*), and illustrates the amount covered under BT Reserve terms and conditions. Any BT Reserve TPD Benefit and/or BT Reserve Living Benefit must be an additional benefit on a Term Life Policy, or linked to a Term Life or Term Life as Superannuation Policy through Flexible Linking Plus. Under BT Reserve and *BTPP PDS*, the total of the TPD or Living Benefit sum insured cannot exceed the total Death Benefit sum insured.

2. BT Reserve TPD Benefit

The TPD Benefit offered under BT Reserve is available for those who wish to apply for a TPD Benefit in excess of the \$5 million maximum available under the *BTPP PDS*. Please speak to your adviser to determine whether you are eligible to apply for a TPD Benefit under BT Reserve.

2.1 How BT Reserve TPD Benefit Works

The terms and conditions set out in sections 9 and 10 of chapter 2 of the *BTPP PDS* apply to the first \$5 million of your TPD Benefit, and any *CPI* increases that accumulate on this amount over the life of your Policy.

The TPD Benefit covered under the BT Reserve terms and conditions is the benefit amount in excess of the \$5 million TPD Benefit available under the *BTPP PDS* up to a maximum total TPD Benefit amount of \$15 million. This additional cover is provided on the basis of the following definitions:

- For the TPD Benefit between \$5 million and \$10 million (at application), the benefit is provided on an *any occupation TPD* or *general cover TPD* definition.
- For the TPD Benefit exceeding \$10 million (at application), the benefit is provided on a *general cover TPD* definition.

Each TPD Benefit definition will be considered as a separate benefit for the purposes of calculating the premium amount.

2.2 When we will pay

We will pay a TPD Benefit if the Insured Person becomes *totally and permanently disabled* while the Policy is in force. The definitions of *total and permanent disability* which apply to the Insured Person will be shown on the most recent *policy schedule, membership certificate or renewal summary*.

TPD Benefit sum insured	TPD Benefit available in:	TPD definitions available:
\$10 million to \$15 million	BT Reserve	<i>General cover TPD</i>
\$5 million to \$10 million	BT Reserve	<i>Any occupation TPD</i> or <i>General cover TPD</i>
Up to \$5 million	BT Protection Plans	<i>Own occupation TPD</i> or <i>Any occupation TPD</i> or <i>General cover TPD</i>

2.3 What we will pay

For *total and permanent disability*, the amount we will pay is the TPD Benefit shown in the most recent *policy schedule, membership certificate or renewal summary* for the Insured Person as at the *date of disablement*.

If your TPD Benefit is made up of more than one *total and permanent disability* definition, the Insured Person will need to satisfy each definition to receive the full TPD Benefit. Each definition will be considered independently and the relevant TPD Benefit paid where the corresponding definition is satisfied. The amounts of the TPD Benefit covered by each definition will be shown on your most recent *policy schedule, membership certificate or renewal summary*.

Example of the BT Reserve TPD Benefit (for illustrative purposes only)

Julian is a qualified accountant and applies for a total TPD Benefit of \$13 million, with \$5 million taken out as an *own occupation TPD* definition under *BTPP PDS*, \$5 million taken out as an *any occupation TPD* definition under BT Reserve, and \$3 million taken out as a *general cover TPD* definition under BT Reserve. Julian chooses not to have any *CPI* increases on his Policy.

Three years later, Julian lodges a claim.

In order to receive the entirety of his TPD Benefit, he would need to satisfy the following definitions:

- the *own occupation TPD* definition for the first \$5 million;
- the *any occupation TPD* definition for the second \$5 million; and
- the *general cover TPD* definition for the remaining \$3 million.

2.4 When the TPD Benefit changes

From the *review date* on or following the Insured Person's 65th birthday, the TPD Benefit reduces to \$3 million across all Policies issued by us in relation to the Insured Person. To continue the TPD Benefit under an *any occupation TPD* definition, the Insured Person must meet the eligibility criteria for the TPD Continuation Benefit (as per section 11 of chapter 2 of the *BTPP PDS*) at each *review date*.

If you do not qualify for a TPD Continuation Benefit (as per section 11 of chapter 2 of the *BTPP PDS*), from the *review date* on or following the Insured Person's 65th birthday, the definition of *total and permanent disability* changes to *general cover TPD*.

If you qualify for the TPD Continuation Benefit, you may continue your TPD Benefit on an *any occupation TPD* definition up until the *review date* on or following the Insured Person's 70th birthday. The amount that can be insured is the lesser of:

- five times the Insured Person's annual *earnings*; and
- \$3 million.

If, from the *review date* on or following the Insured Person's 65th birthday, their annual *earnings* results in a reduced sum insured which will be less than \$3 million, the difference up to \$3 million can be held under a *general cover TPD* definition. From the *review date* on or following the Insured Person's 65th birthday, TPD Benefits in excess of \$1 million will be considered under BT Reserve.

2.5 What happens after we pay

After we pay a BT Reserve TPD Benefit, we will reduce the sum insured of every other benefit for the Insured Person under the same Policy and every benefit under a linked Flexible Linking Plus Policy, by the amount we paid.

If the BT Reserve TPD Benefit is held under a Flexible Linking Plus Policy, we will also reduce the sum insured of every other benefit for the Insured Person held under the Flexible Linking Plus Policy, and under the linked Term Life or Term Life as Superannuation Policy, by the amount we paid. The *BTPP PDS* Living Benefit is reduced before the BT Reserve Living Benefit.

If we pay the entire sum insured of the TPD Benefit, the TPD Benefit in respect of that Insured Person ends.

For Term Life and Term Life as Superannuation, if the Death Benefit sum insured for the Insured Person is reduced to zero because we have paid the entire sum insured of the TPD Benefit, then the Policy will end.

Continuing on from the example under section 2.3, if Julian's claim was assessed and it was determined that he has only satisfied the *own occupation TPD* definition, we would pay the \$5 million TPD Benefit with the *own occupation TPD* definition. Both the Death Benefit and TPD Benefit would reduce to \$8 million, with the remaining TPD Benefit consisting of \$5 million under an *any occupation TPD* definition and \$3 million under a *general cover TPD* definition. This example is provided for illustrative purposes only.

2.6 BT Reserve TPD Benefit Exclusions

We will not pay a TPD Benefit offered under BT Reserve:

- if the *sickness or injury* giving rise to the claim was caused by an intentional self-inflicted act or attempted suicide (whether sane or insane); or
- if the *total and permanent disability* is caused directly or indirectly by or attributed to:
 - *alcohol abuse*;
 - *alcohol dependence*;
 - *drug use*;
 - *mental illness*; or
 - *fatigue syndromes*.

If we pay a TPD Benefit or Living Benefit under the *BTPP PDS* that is directly or indirectly caused by or attributed to *alcohol abuse, alcohol dependence, drug use, mental illness or fatigue syndromes*, the remaining TPD Benefit with the *any occupation TPD* definition offered under BT Reserve will be based on the *general cover TPD* definition and:

- will only be paid for a *sickness or injury* that is not directly or indirectly related to the cause of the prior claim under the *BTPP PDS* for which the TPD Benefit was paid; and
- the Insured Person must satisfy the relevant TPD Benefit definition independently of the cause of the disability for which the prior TPD Benefit claim was paid.

In addition, we will not pay any benefit if the claim was caused directly or indirectly by an event or condition specifically excluded in your *policy schedule or membership certificate*.

2.7 When the BT Reserve TPD Benefit ends

Your BT Reserve TPD Benefit for an Insured Person continues until the earliest of:

- the date the Insured Person dies;
- the date we pay the TPD Benefit for the Insured Person;
- the benefit amount for the Insured Person is reduced to zero because we have paid a Super Plus TPD Benefit, a Living Benefit or a Terminal Illness Benefit;
- the date you write and ask us to cancel the benefit for the Insured Person; and
- the date your Policy ends (as set out in section 30 of chapter 2 of the *BTPP PDS*).

3. BT Reserve Living Benefit

The Living Benefit offered under BT Reserve is available for those who wish to apply for a Living Benefit in excess of the \$2 million available under the *BTTPP PDS*. Please speak to your adviser to determine whether you are eligible to apply for a BT Reserve Living Benefit. This benefit is not available for Policies held inside *superannuation* unless Flexible Linking Plus is selected.

3.1 How BT Reserve Living Benefit works

The terms and conditions set out in sections 13 and 14 of chapter 2 of the *BTTPP PDS* apply to the first \$2 million of your Living Benefit, and any *CPI* increases that accumulate on this amount over time.

The Living Benefit covered under the BT Reserve terms and conditions is the benefit amount in excess of the \$2 million Living Benefit available under the *BTTPP PDS* up to a maximum total Living Benefit amount of \$10 million.

We will pay the additional BT Reserve Living Benefit if:

- the Insured Person has a BT Reserve *specified medical event* listed in the ‘BT Reserve *specified medical events*’ table on this page while the Policy is in force; and
- a *doctor* approved by us providing the medical evidence to support the claim.

We will only pay a Living Benefit under BT Reserve if we are satisfied that the Insured Person meets the full definition of the relevant BT Reserve *specified medical event*, as defined in the Medical Glossary on pages 13 and 14 of this document.

3.2 What we will pay

The amount we will pay is the Living Benefit shown in the most recent *policy schedule* or *renewal summary* for the Insured Person. The BT Reserve *specified medical event* definitions for cancer (severe) with specified requirements, heart attack (severe) with specified requirements and stroke (severe) with specified impairment are different to the definitions of cancer – excluding specified early stage cancers, heart attack – of specified severity and stroke – of specified severity for the Living Benefit in the *BTTPP PDS*. The BT Reserve *specified medical event* definitions are set out in the Medical Glossary on pages 13 and 14 of this document.

Living Benefit sum insured	Living Benefit is available under:
\$2 million to \$10 million	BT Reserve
Up to \$2 million	BT Protection Plans

BT Reserve *specified medical events*

- Cancer (severe) with specified requirements – BT Reserve definition[#]
- Heart attack (severe) with specified requirements – BT Reserve definition[#]
- Loss of independent existence – with a specified level of impairment
- Paralysis
- Stroke (severe) with specified impairment – BT Reserve definition[#]

For the *specified medical events* marked # (and any treatment, *symptoms* or surgery that is attributable to the *specified medical event* including treatment that is a *specified medical event* in itself), the benefit for the Insured Person is only payable if the BT Reserve *specified medical event* occurs at least 3 months after the latest of the date we receive the completed application form and personal statement (including all required medical and financial information) for the Policy or the last reinstatement of the Policy.

If any of the above *specified medical events* occur within 3 months of any increase to the benefit for the Insured Person (excluding *CPI* and Loyalty Benefit increases), the increase will not be payable. The benefit payable will be the amount that would have applied if no increase had occurred.

This 3 month exclusion period does not apply to the Policy if it replaces another similar policy issued by another insurer, or another policy issued by us, and all the following apply:

- We were specifically told about the intended replacement of the other policy and we agreed to issue this Policy on the basis that it replaced the other policy.
- The sum insured of the Living Benefit being issued by us is the same as, or less than, the existing cover being replaced.¹
- The other policy and equivalent sum insured were continuously in force for at least 3 months immediately prior to the issue of this Policy.
- The other policy was cancelled immediately after the issue of this Policy.
- No claim is pending or payable under the other policy.

¹ Where the sum insured of the Living Benefit being issued under this Policy exceeds that of the other policy, this exclusion will apply to the sum insured in excess of the sum insured in the other policy.

Example of the BT Reserve Living Benefit

(for illustrative purposes only)

Kirsten applied for a \$7 million Living Benefit. Kirsten chooses not to have any *CPI* increases on her Policy.

Six years later, Kirsten suffers a heart attack and lodges a claim. In order to receive the entirety of her Living Benefit, she would need to satisfy the following definitions:

- the heart attack – of specified severity definition in the *BTPP PDS* for the first \$2 million; and
- the heart attack (severe) with specified requirements – BT Reserve definition on page 13 of this document for the remaining \$5 million.

Kirsten satisfied the heart attack – of specified severity definition in the *BTPP PDS*, however was unsuccessful in her claim under the heart attack (severe) with specified requirements – BT Reserve definition.

Kirsten was paid \$2 million, and the remaining \$5 million Living Benefit under BT Reserve remained in force.

3.3 What happens after we pay

After we pay a Living Benefit under BT Reserve we will reduce the sum insured of every other benefit for the Insured Person under the Policy by the amount we paid. If the Living Benefit is held under a Flexible Linking Plus Policy, we will also reduce the sum insured of every other benefit for the Insured Person held under the Flexible Linking Plus Policy, and under the linked Term Life or Term Life as Superannuation Policy, by the amount we paid. The *BTPP PDS* TPD Benefit is reduced before the BT Reserve TPD Benefit. If a TPD Benefit which is comprised of more than one TPD definition is reduced as a result of a Living Benefit claim, the *own occupation TPD* amount is reduced first, followed by the *any occupation TPD* amount, followed by any *general cover TPD* amount. If we pay the entire sum insured of the Living Benefit, the Living Benefit in respect of that Insured Person ends.

For Term Life and Term Life as Superannuation, if the Death Benefit sum insured for the Insured Person is reduced to zero because we have paid the entire sum insured of the Living Benefit, then the Policy will end.

3.4 BT Reserve Living Benefit Exclusions

We will not pay you a Living Benefit under BT Reserve if:

- the *sickness, injury* or surgery giving rise to the claim is caused directly or indirectly by an intentional self-inflicted act or attempted suicide (whether sane or insane); or
- if the BT Reserve *specified medical event* is directly or indirectly caused by or attributed to:
 - *alcohol abuse*;
 - *alcohol dependence*; or
 - *drug use*.

In addition, we will not pay any benefit if the claim was caused directly or indirectly by an event or condition covered by any exclusion in your *policy schedule*.

3.5 When the BT Reserve Living Benefit ends

The Living Benefit under BT Reserve for an Insured Person continues until the earliest of:

- the date the Insured Person dies;
- the date we pay the Living Benefit for the Insured Person;
- the *review date* on or following the Insured Person's 70th birthday;
- the benefit amount for the Insured Person is reduced to zero because we have paid a TPD Benefit, a Super Plus TPD Benefit or a Terminal Illness Benefit;
- the date you write and ask us to cancel the benefit for the Insured Person; and
- the date your Policy ends (as set out in section 30 of chapter 2 of the *BTPP PDS*).

4. BT Reserve Income protection

Income Protection, Income Protection as Superannuation and Income Protection Plus offered under BT Reserve is available for those who wish to apply for an *insured monthly benefit* over \$30,000 per month with a *benefit period* of up to 10 years. Please speak to your adviser to determine whether you are eligible to apply.

4.1 How BT Reserve IP works

The terms and conditions commencing in section 1 of chapter 3 of the *BTPP PDS* apply to the *insured monthly benefit* up to \$30,000 and also to the *insured monthly benefit* between \$30,000 and \$60,000 for the first 2 years of claim plus any *CPI* or claims escalation that accumulates over the life of the Policy.

The terms and conditions for BT Reserve apply to the *insured monthly benefit* between \$30,000 and \$60,000 following 2 years of claim payments. Unless otherwise specified in this section, all other terms outlined in sections 1 and 2 of chapter 3 of the *BTPP PDS* apply.

4.2 When we will pay

We will pay a monthly benefit when the Insured Person has satisfied the definition of *total disability* or *partial disability*.

4.3 What we will pay

The benefit payable will depend on the *insured monthly benefit*, whether the Insured Person is *totally disabled* or *partially disabled*, and whether the benefit type is *endorsed agreed value* or *indemnity*.

For *insured monthly benefits* up to \$40,000 per month, the benefit paid will depend on whether the benefit type is *endorsed agreed value* or *indemnity*. The benefit type will be shown on your *policy schedule* or *membership certificate*.

Any *insured monthly benefit* exceeding \$40,000 per month is provided on an *indemnity* basis.

Total Disability Benefit

If the Insured Person is *totally disabled* while covered under the Policy, we will pay a monthly benefit after the end of your *waiting period*. The benefit accrues from the first day of *total disability* after the *waiting period* and is payable monthly in arrears.

The benefit will continue to accrue until the earliest of the:

- date the Insured Person is no longer *totally disabled*;
- end of your *benefit period*; and
- date your Policy ends.

The amount of this benefit is reduced by any limitations on benefits (see section 31 of chapter 3 of the *BTPP PDS*).

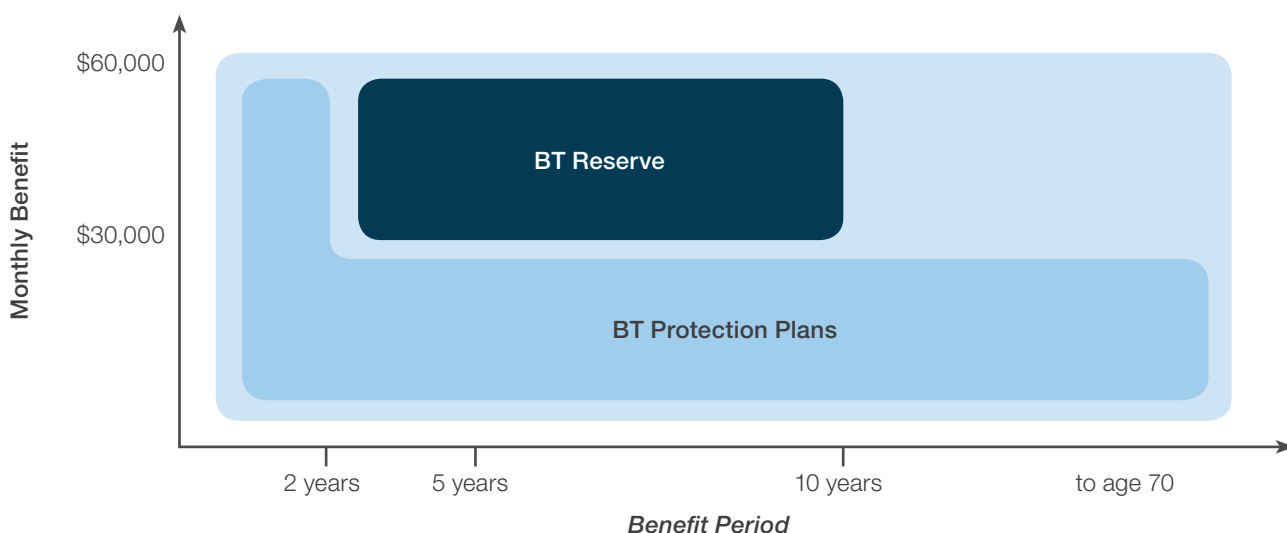

Partial Disability Benefit

If the Insured Person is *partially disabled* while covered under the Policy, we will pay a monthly Partial Disability Benefit after the end of your *waiting period*.

The monthly Partial Disability Benefit is calculated as follows:

$$\frac{\text{The monthly Total Disability Benefit} \times (\text{Pre-disability monthly earnings} - \text{Post-disability monthly earnings})}{\text{Pre-disability monthly earnings}}$$

The amount of this benefit is reduced by any limitations on benefits (see section 31 of chapter 3 of the *BTPP PDS*).

4.4 Additional BT Reserve IP Limitations

The limitations outlined in section 31 of chapter 3 of the *BTPP PDS* apply to the Income Protection, Income Protection as Superannuation and Income Protection Plus benefits offered under BT Reserve.

The following limitation also applies to the *insured monthly benefit* in excess of \$30,000 (plus *CPI* increases) after you have been paid a Total Disability Benefit or Partial Disability Benefit for 24 months:

- The Total Disability Benefit or Partial Disability Benefit may be reduced or recovered in respect of the Insured Person if any amounts are received from any legislated compensation schemes or workers compensation schemes or insurance, or under common law or statutory liability relating to *sickness* or *injury*.

4.5 BT Reserve IP Exclusions

All exclusions set out in section 34 of chapter 3 of the *BTPP PDS* apply to Income Protection, Income Protection as Superannuation and Income Protection Plus benefits offered under BT Reserve.

In addition, after you have been paid a Total Disability Benefit or Partial Disability Benefit for 24 months, the amount we will pay in any month will be reduced so that it does not exceed \$40,000 per month if the *total disability* or *partial disability* is directly or indirectly caused by or attributed to:

- *alcohol abuse*;
- *alcohol dependence*;
- *drug use*;
- *mental illness*; or
- *fatigue syndromes*.

4.6 When does BT Reserve IP end?

Your Policy continues until the earliest of:

- the date we cancel your Policy because you have not paid your premiums or any other amounts which relate to your Policy;
