This Product Disclosure Statement (PDS) is made up of the PDS, the Investment Options Menu and all of the following documents which contain all statements and information incorporated by reference:

- FirstChoice Reference Guide – Super and Pension products
- FirstChoice Insurance – Super booklet
- Reference Guide – Complex Funds.

A reference to 'the PDS' includes a reference to all of those documents. You should assess whether the product is appropriate for you and speak to your financial adviser before making a decision to invest in the product. You can obtain a copy of that information, free of charge, by calling us on 13 13 36, visiting our website at colonialfirststate.com.au/fcwps, or from your financial adviser.

You should regularly review how the superannuation and taxation laws affect you with your financial adviser.

If any part of the PDS (such as a term or condition) is invalid or unenforceable under the law, it is excluded so that it does not in any way affect the validity or enforceability of the remaining parts.

FirstChoice Wholesale Personal Super and FirstChoice Wholesale Pension ('the funds') are offered through the Colonial First State FirstChoice Superannuation Trust ABN 26 458 298 557 ('FirstChoice Trust'). The FirstChoice Trust is a public offer superannuation fund which offers personal super, employer super and pension products.

FirstChoice Wholesale is a resident, regulated superannuation fund within the meaning of the Superannuation Industry (Supervision) Act 1993 and is not subject to a direction not to accept contributions.

This PDS is issued by Colonial First State Investments Limited ('Colonial First State', 'the trustee', 'we', 'our' or 'us'), the trustee of the FirstChoice Trust and the responsible entity for most of the investment options in FirstChoice Wholesale. The insurance provider is The Colonial Mutual Life Assurance Society Limited ABN 12 004 021 809 AFS Licence 235035 ('Commlnsure' or 'the insurer'). The insurance cover is provided under policies issued to the trustee by Commlnsure. Colonial First State and Commlnsure are subsidiaries of Commonwealth Bank of Australia ABN 48 123 123 124 AFS Licence 234945 ('the Bank'). The Bank and its subsidiaries do not guarantee the performance of the funds or the repayment of capital by the funds. Investments in the funds are not deposits or other liabilities of the Bank or its subsidiaries. Investments in the funds are subject to investment risk, including loss of income and capital invested.

2 Benefits of investing with FirstChoice Wholesale

FirstChoice Wholesale is designed to help you achieve your super and retirement goals.

FirstChoice Wholesale provides you with exceptional value, service and choice.

Value

FirstChoice Wholesale is a leader in providing value for money. We provide what you want – a great platform at a competitive price.

Service

Our brand is synonymous with service excellence. You will receive fast and personal service.

Choice

Over 120 investment options and over 60 managers give you real choice and diversity, across specialist boutiques and leading brands, at a great price.

Investment options

With FirstChoice Wholesale, you can access a vast range of investment opportunities from well-respected Australian and international fund managers, including specialist boutique managers, across different asset classes such as shares, fixed interest, property and cash, all in the one place.

More than 120 ways to achieve your specific investment goals

FirstChoice Wholesale has more than 120 investment options across different asset classes and investment managers to tailor an investment portfolio that is just right for you.

You can choose from:

- multi-manager portfolios which are pre-mixed for you, and/or
- single manager options allowing you to tailor-make your portfolio.

You can choose one option or a combination of different options.

You can transfer your money into other options at any time.

When you are invested in FirstChoice Wholesale, your money is combined with other investors' money in FirstChoice Wholesale. Each FirstChoice Wholesale investment option is a separate investment option within this superannuation fund.

Each investment option invests in an underlying 'pool' which is managed according to the investment option's objectives.

Each investment option has a different level of risk and potential level of returns.

Warning: Before choosing an investment option or a range of investment options in which to invest, you should consider the likely investment return of each option, the risk of investing in any or all of those options and your investment timeframe.

Personal customer service every time

We understand that our success depends on our ability to provide you with great service – every time. We have some of the most dedicated and highly trained people in the market, and we constantly aim for exceptional service.

No waiting for reports and statements

Instead of you waiting weeks for annual reports and tax statements, FirstChoice Wholesale provides you with consolidated reporting at least twice a year, which will give you a complete picture of all your investments and a summary of all your transactions.

FirstNet makes it easy

You can also access up-to-date information on your investments at any time via our secure internet site, FirstNet.

FirstNet e-Post

e-Post is the fast and secure way to submit original forms and requests via FirstNet, our secure online service. You no longer need to post the originals, saving you time and effort. You will receive an instant email confirmation when you submit your request and a reference number. You must only submit original forms.

3 We have the discretion to close your account once it falls below \$3,000 or if your pension payment is more than your account balance.

Insurance for FirstChoice Wholesale Personal Super

You can choose from:

- Death only cover
- Death and Total and Permanent Disablement (TPD) cover
- Salary Continuance Insurance (SCI) cover.

You should refer to section 7 – Insurance in FirstChoice Wholesale Personal Super for more information.

FirstRate Wholesale deposit choices

There are a number of ways to keep the cash portion of your portfolio growing alongside your other investments. One of these ways is to use FirstRate Wholesale deposit choices.

The benefits of FirstRate Wholesale deposit choices are:

- competitive interest rates
- no ongoing investment or administration fees
- you have the added reassurance that your money is on deposit with one of Australia's leading financial institutions, Commonwealth Bank of Australia.

FirstRate Wholesale deposit choices give you a suite of options to choose from, based on your needs.

FirstRate Wholesale Saver is a low-risk cash alternative, which offers a competitive variable interest rate with no ongoing investment or administration fees or transaction costs.

FirstRate Wholesale Term Deposits allow you to lock away a competitive interest rate for periods of three months to 15 years, with a range of interest payment options. It's a helpful facility allowing you to invest with the confidence of knowing upfront exactly what your return will be and how much you'll get at the end of the term.

FirstRate Wholesale Investment Deposits are longer-term deposit options designed to provide you with a highly competitive interest rate at a fixed margin above the Reserve Bank of Australia (RBA) cash rate.

Pre-retirement pension

Gives you the ability to commence an allocated pension prior to retirement from the workforce, once you have reached your preservation age.

SuperFirst Transfer Facility

The SuperFirst Transfer Facility allows you to:

- roll over any external super savings, make additional super contributions and consolidate your super savings before commencing your pension, or
- roll over your existing pension together with the additional super contributions or rollovers to commence a new pension.

FirstChoice Wholesale Pension gives you access to the facility which allows you to consolidate your super investments before rolling into FirstChoice Wholesale Pension. Refer to the Reference Guide for further details. The minimum investment amount for the SuperFirst Transfer Facility is \$1,500. However, you will need to have accumulated a balance of \$20,000 or more before you will be able to start your pension.

Transfers from FirstChoice Wholesale Personal Super

FirstChoice Wholesale Personal Super and FirstChoice Wholesale Pension are both offered from the Colonial First State FirstChoice Superannuation Trust ('FirstChoice Trust'). This means that if you start to use all or part of your super benefits in FirstChoice Wholesale Personal Super to receive payments through FirstChoice Wholesale Pension, then you still only hold one interest in the FirstChoice Trust.

In certain circumstances, this may allow us to offer a refund of unrealised capital gains tax and transaction costs.

For FirstRate Wholesale Term Deposit options, we currently provide the ability for term deposit(s) to continue from FirstChoice Wholesale Personal Super to FirstChoice Wholesale Pension accounts without incurring an early withdrawal adjustment. Any tax liabilities incurred but not deducted while you hold FirstChoice Wholesale Personal Super will be deducted at the time of, or following your decision to receive payments through, FirstChoice Wholesale Pension. For more information about taxation, please refer to section 6.

Estate planning

Estate planning is important as it provides you with more certainty on who will receive your death benefit when you die.

In the event of your death, a death benefit will become payable from the fund either to:

- your dependants or your legal personal representative nominated on your valid non-lapsing death benefit nomination form, or
- your reversionary beneficiary (pension accounts only) – the pension continues to be paid to this person after your death, or
- in any other case, your legal personal representative, to be distributed in accordance with your Will or the laws of intestacy.

A non-lapsing death benefit nomination is a request by you to the trustee of FirstChoice Wholesale to pay your death benefit to the person or persons nominated on your non-lapsing death benefit nomination form. The trustee may consent to your nomination, if your nomination satisfies the relevant requirements, which can be found on the non-lapsing death benefit nomination form in the application forms section.

You should read the Investment Options Menu and all the statements and information incorporated by reference in the Reference Guide, available online at colonialfirststate.com.au/fcwps or by calling 13 13 36. The material relating to investments may change between the time you read the PDS and the day you sign the application form.

3 How super and pensions work

Super is a long-term form of concessional tax savings which is designed to be paid to you when you retire. If you are an employee, your employer is generally required to contribute a percentage of your salary or wages to a superannuation fund for you. Alternatively, you can contribute to your super fund for yourself (or your spouse), or you can negotiate with your employer to sacrifice some of your pre-tax salary in return for them making additional super contributions on your behalf – these contributions are known as salary sacrifice contributions.

To encourage people to save for retirement, the Federal Government provides a number of super tax concessions. These include generally applying a 15% tax rate to employer contributions, which includes salary sacrifice contributions, and allowing your super benefits to be paid tax free after age 60. These concessions can make superannuation one of the most tax-effective ways to save for your retirement.

Super contributions

There are different types of contributions that can be made to your super fund. These are summarised as follows:

- Compulsory employer contributions – these are contributions an employer is required to make on your behalf by law. They include Superannuation Guarantee contributions and contributions required under an industrial award.
- Voluntary employer contributions – these are contributions an employer makes on your behalf in excess of any compulsory contributions. They include salary sacrifice contributions, where you negotiate to give up some of your pre-tax salary in return for additional employer contributions.
- Personal contributions – these are contributions that you make for yourself. Depending on your circumstances, you may be entitled to claim a tax deduction for the amount of the contribution, or you may be entitled to a Government co-contribution.
- Spouse contributions – these are contributions that you make for your spouse.

However, to limit the tax concessions associated with making super contributions, the Federal Government applies caps to the different types of contributions. Some types of contributions made in excess of these caps are subject to rates of up to 49%.

How your super account works

FirstChoice Wholesale Personal Super is an accumulation super fund. This means that each member has an account balance with money flowing in and out of the account.

When a contribution is made to your account, the contribution is used to purchase units in your chosen investment option. For example, if you make a contribution of \$100 and the entry unit price for your chosen investment option is \$1.00, then you will receive 100 units.

The value of your units may fluctuate due to the receipt of investment income and/or changes in the value of the underlying assets held in each investment option (except for FirstRate products, where the number of units changes as a result of the payment of interest). The unit price you receive may also be affected by other factors such as the payment of tax and other fund costs from the assets of the fund. Other costs that relate specifically to you, such as the payment of insurance premiums, adviser service fees or licensee service fees, may also be deducted from your

account via the withdrawal of units. This means that your account balance can fluctuate on a daily basis depending on market movements, the costs of running the fund and any expenses that relate specifically to your account.

The following table provides a number of factors which may impact the value of your superannuation account.

Things that may increase your super account	Things that may reduce your super account
<ul style="list-style-type: none">• Contributions, such as employer, personal and spouse contributions• Rollovers from other funds• Increases in the unit price of an investment option due to the accrual of investment income and changes in the market value of the underlying assets• Family law payment splits received and spouse contribution splitting payments received• Co-contributions or low income super contributions paid by the Government	<ul style="list-style-type: none">• Tax (including tax levied on contributions and the fund's investment income)• Decreases in the unit price of an investment option due to changes in the market value of the underlying assets• Benefit payments (lump sum and income stream payments)• Fund fees and charges• Insurance premiums, adviser service fees or licensee service fees• Family law payment splits and spouse contribution splitting payments

When can you access your super?

Generally, you cannot access your super until after you reach your preservation age and retire. This age is set by the Federal Government. If you were born before 1 July 1960, your preservation age is 55. If you were born later, your preservation age is between ages 56 and 60 depending on your date of birth.

Other ways in which you may be able to access your super include:

- commencing a pre-retirement pension after reaching preservation age
- turning age 65
- financial hardship
- compassionate grounds
- permanent incapacity
- a terminal medical condition
- death.

In the event of your death, a death benefit will become payable from the fund either to:

- your dependants or your legal personal representative nominated on your valid non-lapsing death benefit nomination form, or
- in any other case, your legal personal representative, to be distributed in accordance with your Will or the laws of intestacy.

You can make a non-lapsing death benefit nomination, which is a request by you to the trustee of FirstChoice Wholesale to pay your death benefit to the person or persons nominated on your non-lapsing death benefit nomination form. The trustee may consent to your nomination if your nomination satisfies the relevant requirements, which can be found on the non-lapsing death benefit nomination form in the application forms section of the PDS.

What is a pension?

A pension is a way in which you can be paid your super benefits. It is designed to provide you with a regular income instead of a one-off lump sum payment.

FirstChoice Wholesale Pension is part of a super fund that offers the payment of the following pensions:

- an allocated pension
- a pre-retirement pension.

As an investor in these types of pensions, you are paid a regular income based on a percentage of your account balance as at 1 July each year (or commencement of your pension). The pension ceases to be paid to you when your account balance is reduced to zero.¹

Your account balance is equal to your rollovers and super contributions made to commence your pension and:

- reduces or increases according to the market movements reflected in the unit prices of your investment options
- reduces by the pension payment amounts and other super benefits paid to you
- reduces by the amount of fees and costs as well as excess contributions tax and contributions surcharge
- reduces by the amount of any family law payment split or a superannuation contribution split.

Depending on your personal circumstances, a pension may be a tax-effective way of receiving income. The fund does not pay taxes on the earnings of your investments used to fund your pension. However, tax may be withheld from your pension payment amounts before you reach age 60.

Warning: If applicable, you need to complete the following prior to commencing a pension:

- notify us of your intention to claim a tax deduction for your personal contributions via a valid notice of intent form (and have received acknowledgement in writing from us), and
- have part of your concessional contributions for a financial year transferred to your spouse under a superannuation contribution split.

Allocated pensions

An allocated pension is also known as an 'account-based pension'. It is designed to provide you with an income stream, most commonly when you retire.

If you commence an allocated pension, we must pay you at least your minimum pension payment amount each year (rounded to the nearest 10 whole dollars).

There is no maximum pension payment amount you must receive from an allocated pension. Your minimum pension payment amount is worked out each year. It is calculated by multiplying your account balance as at 1 July (or the commencement of your pension) by a percentage factor depending on your age, as follows:

Age	Percentage factor
Under 65	4%
65–74	5%
75–79	6%
80–84	7%
85–89	9%
90–94	11%
95 or more	14%

1. We have the discretion to close your account once it falls below \$3,000 or if your pension payment is more than your account balance.

From time to time, the Government may change these pension minimums. If required by law, we may adjust your minimum pension payment amount (or maximum for pre-retirement pensions) to comply with the legislation. If you commence your pension on or after 1 June, no minimum pension payment amount is required to be made for that financial year. Otherwise, we must pro rata your minimum pension payment amount for the number of days remaining in the financial year.

Pre-retirement pensions

A pre-retirement pension is also known as a 'transition to retirement pension'. It has the same rules as an allocated pension, except that it is designed to supplement your income in the later years of your working life, before you retire. Accordingly, you are restricted to taking a maximum pension payment amount each year of 10% of your account balance as at 1 July (or the commencement of your pension).

In addition, there are restrictions on when you can take an additional lump sum super benefit from your account balance while you are receiving a pre-retirement pension. Your pre-retirement pension will convert to the rules of an allocated pension (with no maximum pension payment amount or restrictions on lump sum super benefits) on the earlier of the date that:

- you notify us that you have met the eligibility criteria to commence an allocated pension, or
- you turn age 65.

An important aspect of pensions is how pensions are taxed. You should refer to section 6 for more information.

You should also talk with your financial adviser about how pensions may be appropriate for your individual objectives, financial situation and needs.

How your pension account works

When you commence your pension, you are issued units in the investment option(s) you select. The value of units fluctuates as a result of changes in the value of the underlying assets or as a result of costs reflected in the unit price (except for the FirstRate Wholesale options, which are deposits with the Bank and the value changes as a result of the payment of interest). This means that your account balance can fluctuate on a daily basis depending on the value of the units which you hold in your account.

The unit price you receive is the unit price which applies on the day we receive a completed request, provided the request is received before 3pm, Sydney time, on any NSW business day.

You should read the important information (incorporated by reference) about preservation, pension payments, taxation, accessing your super and transaction processing before making a decision. Go to the Reference Guide, available online at colonialfirststate.com.au/fcwps or by calling 13 13 36. The material relating to super and pensions may change between the time you read this PDS and the day you sign the application form.

4 Risks

Understanding investment risk is the key to successfully developing your investment strategy. Before you consider your investment strategy, it is important to understand that:

- all investments are subject to risk
- there may be a loss of principal, capital or earnings
- different strategies carry different levels of risk depending on the assets that make up the strategy, and
- assets with the highest long-term returns may also carry the highest level of short-term risk.

When considering your investment, it is important to understand that:

- the value of investment options will go up and down
- returns are not guaranteed
- you may lose money
- previous returns don't predict future performance
- laws affecting superannuation and pensions may change
- the amount of your superannuation savings may not be adequate for your retirement
- your level of risk will vary, depending on your age, investment timeframe, where other parts of your money are invested and how comfortable you are with the possibility of losing some of your super in some years.

Different investments perform differently over time. Investments that have provided higher returns over the longer term have also tended to produce a wider range of returns. These investments are generally described as more risky, as there is a higher chance of losing money, but they can also give you a better chance of achieving your long-term objectives. Investments that have provided more stable returns are considered less risky, but they may not provide sufficient long-term returns for you to achieve your long-term goals. Selecting the investments that best match your investment needs and timeframe is crucial in managing this risk.

Your adviser can help you understand investment risks, including those applicable to complex options, and design an investment strategy that is right for you.

General risks for all options

The main risks which typically affect all investment options are:

Market risk

Investment returns are influenced by the performance of the market as a whole. This means that your investments can be affected by things like changes in interest rates, investor sentiment and global events, depending on which markets or asset classes you invest in and the timeframe you are considering.

Security and investment-specific risk

Within each asset class and each option, individual securities like mortgages, shares, fixed interest securities or hybrid securities can be affected by risks that are specific to that investment or that security. For example, the value of a company's shares can be influenced by changes in company management, its business environment or profitability. These risks can also impact on the company's ability to repay its debt.

Management risk

Each option in the PDS has an investment manager to manage your investments on your behalf. There is a risk that the investment manager will not perform to expectation. Management risk may arise from the use of financial models by the investment manager to simulate the performance of financial markets. The performance of financial markets may differ to that anticipated by the financial models.

Liquidity risk

Liquidity risk refers to the difficulty in selling an asset for cash quickly without an adverse impact on the price received. Assets such as shares in large listed companies are generally considered liquid, while 'real' assets such as direct property and infrastructure are generally considered illiquid. Under abnormal or difficult market conditions, some normally liquid assets may become illiquid, restricting our ability to sell them and to make withdrawal payments or process switches for investors without a potentially significant delay.

Please note: For FirstRate Wholesale Saver and FirstRate Wholesale Term Deposit options, in the event we have initiated a withdrawal from deposits held with the Bank, other than at your direction, the payment of any withdrawals or switches requested by you may be delayed for a period no greater than 35 days.

Counterparty risk

This is the risk that a party to a transaction such as a swap, foreign currency forward or stock lending fails to meet its obligations such as delivering a borrowed security or settling obligations under a financial contract.

Legal, regulatory and foreign investment risk

This is the risk that any change in taxation, corporate or other relevant laws, regulations or rules may adversely affect your investment.

In particular, for funds investing in assets outside Australia, your investment may also be adversely impacted by changes in broader economic, social or political factors, regulatory change and legal risks applicable to where the investment is made or regulated.

Option-specific risks

Typical option-specific risks are described below and cross-referenced to particular options in the table on pages 15 to 17 in the Investment Options Menu.

Securities lending risk

When an option engages in securities lending, there is a risk that the borrower may become insolvent or otherwise become unable to meet, or refuse to honour, its obligations to return the loaned assets. In this event, the option could experience delays in recovering assets and may incur a capital loss. Where an option invests any collateral it receives as part of the securities lending program, such investments are also subject to the general investment risks outlined above.

Further information on securities lending is provided on page 6 in the Investment Options Menu.

Currency risk

Investments in global markets or securities which are denominated in foreign currencies give rise to foreign currency exposure. This means that the Australian dollar value of these investments may vary depending on changes in the exchange rate. Investment options in the PDS which have significant currency risks adopt different currency management strategies. These strategies may include currency hedging, which involves reducing or aiming to remove the impact of currency movements on the value of the investment, whereas some investment options remain unhedged.

Information on the currency management strategy for each option with a significant currency risk is set out in that option's description in the Investment Options Menu.

Because different options have different currency management strategies, you should consult your financial adviser on the best approach for you.

Derivatives risk

Derivatives are contracts between two parties that usually derive their value from the price of a physical asset or market index. They can be used to manage certain risks in investment portfolios or as part of an investment strategy. However, they can also increase other risks in a portfolio or expose a portfolio to additional risks. Risks include: the possibility that the derivative position is difficult or costly to reverse; that there is an adverse movement in the asset or index underlying the derivative; or that the parties do not perform their obligations under the contract.

In general, investment managers may use derivatives to:

- protect against changes in the market value of existing investments
- achieve a desired investment position without buying or selling the underlying asset
- leverage a portfolio
- manage actual or anticipated interest rate and credit risk
- alter the risk profile of the portfolio or the various investment positions
- manage currency risk.

Derivatives may be used in an option to provide leverage and may result in the effective exposure to a particular asset, asset class or combination of asset classes exceeding the value of the portfolio. The effect of using derivatives to provide leverage may not only result in capital losses but also an increase in the volatility and magnitude of the returns (both positive and negative) for the option.

As financial instruments, derivatives are valued regularly, and movements in the value of the underlying asset or index should be reflected in the value of the derivative. Information on whether an investment option in this PDS uses derivatives such as futures, options, forward currency contracts and swaps, is outlined in the strategy of the investment option in the Investment Options Menu.

Credit risk

Credit risk refers to the risk that a party to a credit transaction fails to meet its obligations, such as defaulting under a mortgage, a mortgage-backed security, a hybrid security, a fixed interest security or a derivative contract. This creates an exposure to underlying borrowers and the financial condition of issuers of these securities.

Term deposit risk

FirstRate Wholesale Term Deposits provide a fixed interest rate. This means you are protected from decreases in interest rates during the term of your investment. However, you may not be able to take advantage of interest rate increases should interest rates rise during the term of your investment.

Early withdrawal risk

These FirstRate Wholesale deposit choices are designed to be held for a specified period.

• FirstRate Wholesale Term Deposit options for terms up to and including 12 months

Should you need to withdraw or switch from FirstRate Wholesale Term Deposits prior to the maturity date, the interest rate applying on the amount withdrawn is reduced.

• FirstRate Wholesale Term Deposit options for terms greater than 12 months and FirstRate Wholesale Investment Deposits

Withdrawals of all or part of your investment before the end of the specified period may be subject to an adjustment (reduction) to the withdrawal proceeds because of the recovery of costs and other charges connected with withdrawal. It is possible that you may receive back a net amount that is less than the amount of initial principal invested.

The amount of the reduction considers reasonable costs incurred in connection with termination or replacement of funding for the FirstRate Wholesale deposit. These costs can include break costs, administrative costs and replacement funding costs. Some major influences that may affect the size of the withdrawal costs are:

- market interest rates are higher than when you acquired the term deposit
- liquidity in the financial markets
- market pricing of credit risk
- the term remaining for the offer.

Further details (incorporated by reference) about early withdrawal adjustments for FirstRate Wholesale Term Deposits and FirstRate Wholesale Investment Deposits are contained in the Reference Guide, available online at colonialfirststate.com.au/fcwps or by calling 13 13 36.

Gearing risk

Some of the options in the PDS use gearing. Gearing means that the option borrows so that it can invest more to increase potential gains. Gearing can magnify gains and always magnifies losses from the option's investments.

For an option geared at 50%, if the underlying investments' rise is less than the option's borrowing and investment and administration fees, then it is unlikely that the geared option will outperform an equivalent ungeared portfolio. Consequently, a geared option will not always magnify market gains (particularly in a low return environment), but it will always magnify market losses.

In extreme market conditions, such as a rapid fall of over 60% in the value of investments in the FirstChoice Wholesale Geared Global Share option, or over 40% for the other geared options, you may lose all your capital.

We suggest you consult a financial adviser regarding the impact of these investments on your overall portfolio.

Short selling risk

Some of the options in the PDS use short selling. Short selling means the option sells a security it does not own to try and profit from a decrease in the value of the security. This is generally done by borrowing the security from another party to make the sale. The short sale of a security can greatly increase the risk of loss, as losses on a short position are not limited to the purchased value of the security.

Short selling strategies involve additional risks such as:

- **Liquidity risk**

In certain market conditions, an option that adopts a short selling strategy may not be able to reverse a short position because the security it needs to buy may not be available for purchase in a reasonable timeframe or at all. In this event, losses may be magnified.

- **Leverage risk**

Whilst short selling can often reduce risk, it is also possible for an option's long positions and short positions to both lose money at the same time.

- **Prime broker risk**

When short selling is employed, the assets of the investment option are generally held by the prime broker (which provides the broking, stock lending and other services). As part of this arrangement, assets may be used by or transferred to the prime broker under a securities lending arrangement which will also expose the option to securities lending risk. There is a risk that the prime broker does not return equivalent assets or value to the option (for example, because of insolvency). This would have a substantial negative impact on the value of your investment. This risk is managed by having arrangements with large, well established and globally operating prime brokers. If you would like details of our prime broker, please contact us.

If an option uses short selling, this is detailed in the strategy of the option – refer to the Investment Options Menu.

Emerging markets risk

Due to the nature of the investments in emerging markets, there is an increased risk that the political and/or legal framework may change and adversely impact your investments. This could include the ability to sell assets. Options that invest in global markets may have exposure to emerging markets.

All of the investment options in the PDS are subject to some or all of these risks, which can also vary from time to time. You should consult your financial adviser before making a decision to invest. Your financial adviser is required to be qualified in understanding the risk and return associated with the wide range of investment options available to you and can help you make decisions regarding these options.

Further details about option-specific risks, such as currency, gearing, emerging markets and short selling risks and ways to manage investment risk are contained on pages 11 to 13 of the Investment Options Menu, which forms part of the PDS.

Role of your financial adviser

Your financial adviser may play a large role in implementing your financial plan and can assist you to meet your financial needs. We have therefore designed an online platform service to enable your adviser to monitor the progress of your portfolio and make transactions on your behalf if you nominate this.

If you choose to appoint your financial adviser to transact on your FirstChoice Wholesale account, please complete the adviser online transaction authority in the application forms section.

Colonial First State can at any time remove an adviser or refuse to record or deal with an adviser nominated on your account.

You should read all the important information about the investment risks and diversification in the Investment Options Menu, which forms part of the PDS, before making an investment decision. The material relating to investments may change between the time you read the PDS and the day you sign the application form.

Additional disclosure required for hedge funds and other complex options

Hedge funds and funds with certain hedge fund characteristics can pose more complex risks for investors than traditional managed investment schemes. This can arise due to their diverse investment strategies, in many cases involving the use of leverage and complex and offshore structures.

The Australian Securities and Investments Commission (ASIC) has identified some characteristics that distinguish hedge funds from other managed investment schemes in its Regulatory Guide 240, such as the use of leverage, derivatives and short selling, charging performance fees, or funds that have complex investment strategies or structures. Where an option exhibits two or more of the characteristics defined, ASIC now requires responsible entities to provide additional reporting and disclosure. Whilst these ASIC requirements only apply to managed investment schemes, not superannuation options, we will still provide this additional reporting and disclosure for the following superannuation investment options:

Option name
Acadian Wholesale Australian Equity Long Short
Acadian Wholesale Defensive Income
Acadian Wholesale Global Equity Long Short
Aspect Wholesale Diversified Futures
Bennelong Kardinia Wholesale Absolute Return
Colonial First State Wholesale Target Return Income
FirstChoice Wholesale Alternatives
Platinum Wholesale Asia
Platinum Wholesale International
PM Capital Wholesale Enhanced Yield
PM Capital Wholesale Global Companies

For each option identified, we will report against the following benchmarks as required by ASIC:

- valuation of assets: information about whether assets which are not exchange-traded are valued by an independent administrator or an independent valuation service provider, and
- periodic reporting.

Where we can't provide all the components of the periodic reporting benchmark, we will explain why we can't and the types of information which will be provided instead, so that you can monitor the investment performance of your investment.

In addition, for each option identified, we will provide the following information in the Reference Guide – Complex Funds, available online at colonialfirststate.com.au/complex. This information will be updated from time to time, in accordance with our legal obligations.

Disclosure principle	Description
Investment strategy	Details of the option's investment strategy, including the type of strategy, how it works and how risks are managed.
Investment manager	Information about the people responsible for managing the option's investments.
Fund structure	An explanation of the investment structures involved.
Valuation, location and custody of assets	Disclosure on the types of assets held, where they are located, how they are valued and the custodial arrangements.
Liquidity	The option's ability to realise its assets in a timely manner and the risks of illiquid classes of assets.
Leverage	Outlines the maximum level of leverage (where applicable) of the option.
Derivatives	The purpose and types of derivatives used by the appointed investment manager and the associated risks.
Short selling	How short selling (where applicable) may be used as part of the investment strategy and the associated risks and costs of short selling.
Withdrawals	Circumstances in which Colonial First State allows withdrawals. A full explanation of how your withdrawal will be processed can be found in the Reference Guides for the product you are investing in, which are available on our website, colonialfirststate.com.au

This disclosure principle information is available on our website at colonialfirststate.com.au/complex

5 Fees and other costs

Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on long-term returns. For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000). You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs. You may be able to negotiate to pay lower fees and costs where applicable. Ask the fund or your financial adviser.

To find out more

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website (www.moneysmart.gov.au) has a superannuation fee calculator to help you check out different fee options.

This document shows fees and other costs that you may be charged. These fees and other costs may be deducted from your money, from the returns on your investment or from the assets of the superannuation entity as a whole. Other fees, such as activity fees, advice fees for personal advice and insurance fees, may also be charged, but these will depend on the nature of the activity, advice or insurance chosen by you. Taxes, insurance fees and other costs relating to insurance are set out in another part of this document. You should read all the information about fees and other costs because it is important to understand their impact on your investment.

The fees and other costs for each investment option offered by the superannuation entity are set out on pages 10 to 15.

- 1 Refer to pages 17 to 18 for more details on the calculation of performance fees and how performance fees have been estimated in the assessment of fees. This estimate is generally based on the performance of the option over the 12 months to 31 January 2016 and the associated performance fee. As past performance is no indicator of future performance, the performance fee charged in the future may differ.
- 2 The two figures shown above for the geared share options are based on the gross (g) assets (which includes the option's borrowings (as at 31 January 2016) and is the lower of the two fees) and on net (n) assets (which excludes the option's borrowings and is the higher of the two fees). **Please note:** Borrowings include any exposure to borrowings from an option investing directly or indirectly into another managed investment scheme which borrows.
- 3 Transaction costs depend on the specific gearing level of the option.
- 4 These options have not been in existence for 12 months (as at 31 January 2016). For these options, this is an estimated fee. For these options with performance fees, we assume no outperformance.
- 5 This estimated performance fee has been calculated on a per annum basis from the option's inception (March 2010) to 31 January 2016. The actual performance fee paid in the last 12 months to 31 January 2016 was 2.42% on Aspect Wholesale Diversified Futures. As past performance is no indicator of future performance, the performance fee, if any, charged in the future may differ.

- 1 Refer to pages 17 to 18 for more details on the calculation of performance fees and how performance fees have been estimated in the assessment of fees. This estimate is generally based on the performance of the option over the 12 months to 31 January 2016 and the associated performance fee. As past performance is no indicator of future performance, the performance fee charged in the future may differ.
- 2 The two figures shown above for the geared share options are based on the gross (g) assets (which includes the option's borrowings (as at 31 January 2016) and is the lower of the two fees) and on net (n) assets (which excludes the option's borrowings and is the higher of the two fees). **Please note:** Borrowings include any exposure to borrowings from an option investing directly or indirectly into another managed investment scheme which borrows.
- 3 Transaction costs depend on the specific gearing level of the option.
- 4 These options have not been in existence for 12 months (as at 31 January 2016). For these options, this is an estimated fee. For these options with performance fees, we assume no outperformance.
- 5 This estimated performance fee has been calculated on a per annum basis from the option's inception (March 2010) to 31 January 2016. The actual performance fee paid in the last 12 months to 31 January 2016 was 2.42% on Aspect Wholesale Diversified Futures. As past performance is no indicator of future performance, the performance fee, if any, charged in the future may differ.

Additional explanation of fees and costs

Defined fees

The trustee may only charge the following fees in FirstChoice Wholesale Personal Super and Pension:

Type of fee	Description	Does this fee apply?
Activity fees	The fee relates to costs incurred by the trustee of the superannuation entity that are directly related to an activity of the trustee (i) that is engaged in at the request, or with the consent, of a member; or (ii) that relates to a member and is required by law; and those costs are not otherwise charged as an administration fee, an investment fee, a buy/sell spread, a switching fee, an exit fee, an advice fee or an insurance fee.	N/A
Administration fees	The fee relates to the administration or operation of the superannuation entity and includes costs incurred by the trustee of the entity that relate to the administration or operation of the entity; and are not otherwise charged as an investment fee, a buy/sell spread, a switching fee, an exit fee, an activity fee, an advice fee or an insurance fee.	Yes – refer to pages 9 to 15 for details
Advice fees	The fee relates directly to costs incurred by the trustee of the superannuation entity because of the provision of financial product advice to a member by (i) a trustee of the entity, or (ii) another person acting as an employee of, or under an arrangement with, the trustee of the entity; and those costs are not otherwise charged as an administration fee, an investment fee, a switching fee, an exit fee, an activity fee or an insurance fee.	N/A
Buy/sell spreads	A fee to recover transaction costs incurred by the trustee of the superannuation entity in relation to the sale and purchase of assets of the entity.	Yes – refer to pages 9 to 15 for details
Exit fees¹	A fee to recover the costs of disposing of all or part of members' interests in the superannuation entity.	N/A
Indirect cost ratio	The indirect cost ratio (ICR) for an investment option offered by a superannuation entity is the ratio of the total of the indirect costs for the product or investment option, to the total average net assets of the superannuation entity attributed to the investment option. Please note: A dollar-based fee deducted directly from a member's account is not included in the indirect cost ratio.	N/A
Insurance fees	The fee relates directly to either or both of the following: (i) insurance premiums paid by the trustee of the superannuation entity in relation to a member or members of the entity, (ii) costs incurred by the trustee of the superannuation entity in relation to the provision of insurance for a member or members of the entity.	Yes – refer to page 21 for details
Investment fees	The fee relates to the investment of the assets of the superannuation entity and includes (a) fees in payment for the exercise of care and expertise in the investment of those assets (including performance fees) and (b) costs incurred by the trustee of the entity that relate to the investment of assets of the entity; and are not otherwise charged as an administration fee, a buy/sell spread, a switching fee, an exit fee, an activity fee, an advice fee or an insurance fee.	Yes – refer to pages 9 to 15 for details
Switching fees¹	A fee to recover the costs of switching all or part of a member's interest in the superannuation entity from one investment option or product in the entity to another.	N/A

1. Transaction costs (buy/sell spreads) apply to most options (refer to page 19 for further details).

Example of annual fees and costs for a balanced investment option

This table gives an example of how fees and costs in the Colonial First State Wholesale Diversified option for this superannuation product can affect your investment over a one-year period.

You should use this table to compare this superannuation product with other superannuation products.

FEE EXAMPLE

Colonial First State Wholesale Diversified option		
		Balance of \$50,000
Investment fees	0.81% pa	For every \$50,000 you have in the balanced investment option, you will be charged \$405 per year
PLUS Administration fees	0.20% pa	And , for every \$50,000 you have in the balanced investment option, you will be charged \$100 per year
PLUS Indirect costs for the option	Nil	And , indirect costs of \$0 each year will be deducted from your investment
EQUALS Cost of balanced investment option		If your balance was \$50,000, then for that year you will be charged fees of \$505 What it costs will depend on the investment option you choose and the fees you negotiate.

Additional fees may apply.

And if you leave the fund early, you may also be charged an exit fee of \$0.

These figures are inclusive of the net effect of GST. This does not take into account any entitlement to portfolio rebates which may reduce the fees and costs of your investment.

Please note that this is just an example. In practice, the actual investment balance of an investor will vary daily and the actual fees and expenses we charge are based on the value of the option, which also fluctuates daily.

Transaction costs (buy/sell spreads) also apply. Refer to pages 10 to 15.

Performance fees

In addition to the investment and administration fees, on some options a performance fee may also be payable. The performance fee is reflected in the daily unit price and paid monthly at the relevant performance rate (inclusive of the net effect of GST). The fee is calculated as a percentage rate of the relevant option's outperformance. The option's outperformance is the percentage return above the relevant benchmark, as outlined below.

Please note: There is no standard that is applied to how performance fees are calculated. You should carefully compare the different performance fee types in the tables below, noting which benchmark they aim to outperform and whether performance fees are calculated before or after investment and administration fees are charged.

For options where a performance fee applies, an estimate of the performance fees is included within the total investment and administration fees for the option. This estimate is generally based on the actual performance fees paid from the option over the 12 months to 31 January 2016. For options which do not have 12 months of performance history (as at 31 January 2016) or for new investment options, we have assumed that the option has achieved performance in line with the relevant benchmark and therefore no performance fees would be payable. As past performance is no indicator of future performance, the performance fee charged in the future may differ.

The tables below show which options within the PDS are subject to performance fees.

PERFORMANCE FEE BEFORE INVESTMENT AND ADMINISTRATION FEES

Option	Benchmark	Investment and administration fee (pa)	Performance fee rate ²
Aspect Wholesale Diversified Futures ³	Greater than 0% on futures and forwards trading accounts	1.70%	20%
Ausbil Wholesale Australian Emerging Leaders ⁴	Composite benchmark	1.10%	15%
Bennelong Kardinia Wholesale Absolute Return	Reserve Bank of Australia cash rate	1.65%	20.9%

² This rate is inclusive of the net effect of GST.

³ The performance fee is calculated on the dollar value of positive performance (less carried forward negative performance) generated on the trading accounts only (this may include futures, forwards and/or options). **Please note:** Earnings generated on cash allocations held outside the trading accounts are excluded from attracting a performance fee.

⁴ The composite benchmark consists of a weighting of 70% to the S&P/ASX Midcap 50 Accumulation Index and 30% to the S&P/ASX Small Ordinaries Accumulation Index.

⁵ This rate is inclusive of the net effect of GST.

⁶ The return on the option includes total income grossed up by the amounts of Australian franking credits.

⁷ The performance fee is calculated based on the amount by which the investment return of the option (after management fees) is greater than the return generated by the S&P/ASX 300 Accumulation Index excluding that part of the return that is generated by the stocks included in the S&P/ASX 20 Leaders Index.

⁸ The return on the option includes total income, inclusive of overseas withholding tax deducted at source and grossed up by the amounts of Australian franking credits.

Dollar fee example – performance fees (after investment and administration fees) for the Acadian Wholesale Australian Equity Long Short option

Assumptions for this example: 2.00% return before investment and administration fees above the relevant benchmark, \$50,000 investment, performance fee rate of 15% and an investment and administration fee of 1.10% pa (excluding other operating expenses).

Fees calculation		Fee amount
Investment and administration fees (excluding performance fee)	1.13% pa	\$565
Plus		
Performance fee example: $15\% \times (2.00\% - 1.10\%)$	0.135% pa	\$67.50
Total investment and administration fees (including performance fee)	1.265% pa	\$632.50 inclusive of the net effect of GST

Sometimes the calculation of the performance fee will result in a negative dollar amount (negative performance fee). This negative performance fee is offset against any entitlement to future performance fees. We do not have to reimburse the option for negative performance. In extreme circumstances (eg if the net outflow from the option is more than 10% in one month), the negative performance fee which is offset may be reduced pro rata with the percentage of net outflow. However, if there is a change to the investment option, such as a change of manager or investment strategy, the performance fee for the new option will be based on the rates prescribed in the tables above and will not take into account any negative performance fee for the previous option.

It is also possible for the manager to exceed the relevant benchmark (and therefore be entitled to a performance fee) even where an option has had negative performance over a period, as that option may have performed better relative to the benchmark.

Colonial First State may keep some of the performance fee. For periods of high outperformance, the performance fee may be substantial. We recommend you discuss this with your financial adviser to understand the impact of the performance fee.

Alternative investments

Alternative investments typically include investments in futures, forwards and options and are not limited to investments in shares, bonds, cash and/or property.

FirstChoice Wholesale Conservative, FirstChoice Wholesale Diversified, FirstChoice Wholesale Moderate, FirstChoice Wholesale Balanced and FirstChoice Wholesale Growth may have an exposure to alternative investments by investing in multiple underlying funds that hold these investments. Their respective allocations are shown in the Investment Options Menu on pages 18 and 19.

Each of the underlying funds that hold the alternative investments may pay a performance fee to the alternative investment managers of up to 27.50% for performance above a benchmark of either 0%¹ or a benchmark such as the Reserve Bank of Australia (RBA) cash rate.

The effect of any performance fee paid is reflected in the return of the allocation that each investment option makes to alternative investments.

Example – performance fees for multi-manager, multi-sector options

Assuming all alternative investment managers achieve 2% performance above their relevant benchmark, FirstChoice Wholesale Balanced (which has a 7% allocation to alternative investments) would effectively incur 0.039% in performance fees ($2\% \times 7\% \times 27.50\%$), which would reduce the performance of the FirstChoice Wholesale Balanced option by this amount.

Example – performance fees for FirstChoice Wholesale Alternatives

Assuming all the investment managers of the underlying funds achieve 2% performance above their relevant benchmark, FirstChoice Wholesale Alternatives (assuming a 100% allocation to alternative investments) would effectively incur 0.55% in performance fees ($2\% \times 27.50\%$), which would reduce the performance of the FirstChoice Wholesale Alternatives option by this amount.

FirstChoice Wholesale Lower Volatility Australian Share

The FirstChoice Wholesale Lower Volatility Australian Share option has exposures to multiple underlying funds that, together, comprise the investment option.

The underlying funds may pay a performance fee to the investment manager of up to 30% for performance above a benchmark such as the S&P/ASX 200 Accumulation Index or the Reserve Bank of Australia (RBA) cash rate (calculated before the deduction of their investment and administration fees). The effect of any performance fees paid to underlying managers is reflected in the return of the allocation that the option makes to each underlying investment manager and this will result in a reduction of the investment performance for the option.

Example – performance fees for FirstChoice Wholesale Lower Volatility Australian Share

Assuming two out of five underlying investment managers in the option, who together hold 35% of the total value of the option, achieve 6% performance above their relevant benchmark and that the agreed performance fee is 30%, the option would effectively incur 0.63% in performance fees ($6\% \times 35\% \times 30\%$), which would reduce the investment performance of the option by this amount.

1 The performance fee is calculated on the dollar value of positive performance (less carried forward negative performance) generated on the trading accounts only (this may include futures, forwards and/or options). **Please note:** Earnings generated on cash allocations held outside the trading accounts are excluded from attracting a performance fee. Also, the performance fee is calculated before the deduction of the option's investment and administration fees.

Increases or alterations to the fees

We may vary the fees used to calculate the investment and administration fees set out on pages 9 to 15 at any time at our absolute discretion, without your consent, within the limits prescribed in the trust deed. If the variation is an increase in a fee or charge, we will give you 30 days prior written notice.

The trust deed provides for the following maximum fees (fees are inclusive of the net effect of GST):

- a maximum entry fee of 5%
- a maximum exit fee of 4%
- a maximum management fee of 3% (referred to in this PDS as an investment and administration fee)
- insurance administration fee of 10% of premium (for members entering the fund after 16 April 2004)
- a maximum switching fee of 5% of the value of the investment switched
- (for options with performance fees) a maximum performance fee rate of 25%
- a maximum transaction fee of \$50 (CPI-adjusted from 1 March 1994):
 - for each switch in excess of four per year
 - for each change in the frequency or amount of pension payments (other than those effective as from 1 July in any year)
 - for any other matter to which the trustee must attend in relation to a member, where the trustee reasonably considers a transaction fee is justified.

Please note: The maximums are provided for information and are not the current fees charged (except for the insurance administration fee). The current fees are shown on pages 10 to 15.

The law and the trust deed allow us to charge reasonable fees for requests for information relating to family law cases and the superannuation splitting provisions. At this time we have elected not to charge these fees; however, we reserve the right to charge them at a later date.

The trustee may determine to charge an additional administration fee should significant costs be incurred to comply with the Government's regulatory requirements. If the trustee determines to charge an additional fee, we will give you 30 days prior written notice.

Transaction costs ('buy/sell' spreads)

Transaction costs such as brokerage, government taxes/duties/levies, bank charges and account transaction charges are paid from each option. When you invest, switch or withdraw all or part of your investment, we use what is called a 'buy/sell' spread to recover transaction costs incurred. Because there are costs in buying and selling assets, we use the 'buy/sell' spread to direct these costs to investors transacting rather than other investors in the option.

The 'buy/sell' spread that applies to each option is shown in the tables on pages 10 to 15. **Please note** that the 'buy/sell' spreads are not fees paid to us. They are paid to the option. They are, however, an additional cost to you. They may be altered at any time.

For some transfers from other FirstChoice Superannuation products and some account consolidations in this product, in certain circumstances, we may be able to refund transaction costs.

Where short-term settlement borrowing or borrowing for underlying funds occurs (including geared options), borrowing costs such as interest on borrowings, legal fees and other related costs are payable by those options.

Transaction costs example: If you make a \$50,000 investment in or withdrawal from the Colonial First State Wholesale Diversified option, you will incur transaction costs of \$100.

FirstRate Wholesale Deposits

If you withdraw or switch from FirstRate Wholesale Investment Deposits or a FirstRate Wholesale Term Deposit within the specified period, early withdrawal adjustments may apply. Please refer to the Reference Guide for more details.

Other operating expenses and abnormal costs

The trust deed allows for the ongoing operating expenses (such as registry, audit, regulatory, taxation advice and offer documents) to be paid directly from the fund. The trustee recovers costs related to custody, and a portion of the costs related to audit, regulatory, production of the offer document and particular transactions. The trust deed does not place any limit on the amount of the ongoing operating expenses that can be paid from the fund.

Abnormal costs such as the costs of investor meetings, changes to the trust deed, recovery and realisation of assets and defending legal proceedings are paid from the FirstChoice Trust. These costs are incurred fairly infrequently.

APRA Superstream levy

To fund the cost of the Government's Superstream measures, the trustee is required to pay an increased APRA levy until 2018. The trustee will recover these costs from the unit prices for each investment option (excluding FirstRate Wholesale Saver and deposit options).

The amount of the levy is determined by the Government each year. The trustee estimates this to be up to 0.01% for each option. For example, if you had an account balance of \$50,000, this would mean an additional cost of \$5 pa. The trustee currently meets these costs out of the investment and administration fees and they are not an additional cost to you.

What is paid to your adviser?

The adviser recommending this product may receive from us certain non-monetary benefits allowed under law ('soft dollar'). Under our obligations pursuant to the Corporations Act 2001 and the Financial Services Council Code of Practice, we keep a record of soft dollar payments which we are entitled to make to dealer groups or advisers. Please contact us if you would like to view this register.

Dealer groups and other licensees who have an arrangement with us may receive remuneration from us to the extent that it is permitted under law. This remuneration will be paid out of the fees we derive from you that are indicated in the tables on pages 10 to 15 in a given year. If these amounts are paid, they are paid by us from our revenue and are not an extra amount paid from the fund, nor are they a further amount you pay.

From 1 July 2014, dealer groups and other licensees who have an arrangement with us may elect to stop receiving certain benefits under that arrangement. Where this occurs, we may pass on a payment of similar value to you. If you receive this payment, it will be reflected as additional units in your account and the transaction will be referred to as a 'Client fee rebate'.

Adviser service fee and licensee service fee

You can also agree with your financial adviser to have an adviser service fee, for advice received relating to your investment in the fund, paid directly from your investment. The adviser service fee will be paid to your current adviser or any subsequent adviser on your account.

Your adviser may agree with their dealer group or licensee that a portion of the adviser service fee will be paid to the dealer group or licensee for services they provide to your adviser in relation to financial product advice provided by your financial adviser. Where this applies, this is not an additional amount paid by you but is included in the adviser service fee.

Alternatively, you may agree with your financial adviser to have a separate ongoing licensee service fee paid to the dealer group (licensee) for services they provide to your adviser in relation to financial product advice provided by your adviser. Where this applies, this separate licensee fee will be paid directly from your investment. The licensee service fee is payable so that your adviser can provide the financial product advice. This fee is in addition to any adviser service fee (if applicable). The licensee service fee will continue to be paid if you change the adviser on your investment.

You can review all your fee arrangements with your adviser at any time.

The adviser service fee and/or licensee service fee will generally be deducted from the most conservative investment option unless you nominate an option.

Please note: Paying an adviser service fee or licensee service fee from a FirstRate Wholesale Term Deposit or FirstRate Wholesale Investment Deposit will be treated as an early withdrawal and this will reduce your interest rate or the amount you receive may be subject to an adjustment (reduction), depending on the investment term you choose. Please refer to the Reference Guide for further details.

This adviser service fee can either be charged as an ongoing fee, a one-off fee or a combination of both. The licensee service fee can only be charged as an ongoing fee.

An **ongoing** fee can be charged as:

- a percentage of your account value, and/or
- a set dollar amount.

You can also choose to increase any ongoing set dollar amount by a percentage based on the Consumer Price Index (or 3%, whichever is greater).¹

Please nominate this on your application form.

This ongoing fee will be deducted from one of your options on a monthly basis within the first five business days of the following month. The adviser service fee and licensee service fee must be deducted from the same option.

A **one-off** adviser service fee can also be charged as:

- a set dollar amount.

You can choose to have this one-off fee deducted from one or all of your options. Where you choose to deduct the fee from all of your options, it will be based on the investment weighting on the day of the deduction.

This one-off fee will be deducted within the first five business days of the following month.

The trustee may at its discretion limit, reduce or refuse to deduct an adviser service fee or a licensee service fee or refuse to record or deal with your adviser at any time. In this case, you must contact your adviser directly regarding the payment of the adviser service fee and licensee service fee (if applicable).

The trustee will require the adviser service fee and licensee service fee agreed with your financial adviser to be expressly stated as being in relation to financial product advice provided by your adviser in the relevant section of the application form. You must also consent to the amount of the adviser service fee and licensee service fee deducted from your account and paid to your financial adviser through your financial adviser's dealer group.

Details of the adviser service fee and licensee service fee deducted from your investment will be included in your statements and should be disclosed to you by your adviser in the Statement of Advice which your adviser must give you.

¹ Indexation will be applied in August each year and may occur within the first year, depending on the date of the request. We will notify you in writing prior to the increase each year.

Fee rebates

You may be entitled to a portfolio rebate of part of the investment and administration fees on your investment options except for FirstRate Wholesale investment options.

Fee rebates are calculated and paid net of income tax.

Fee rebates are calculated monthly using your account balances² and the rebate rate that applied on the last day of the month. If you close your account, your redemption will only include a rebate calculated to the end of the month prior to the redemption. Fee rebates will be credited to your account in the form of additional units as follows:

Fee rebates	Frequency of payment
Portfolio rebate	Six-monthly in September and March

Unless you nominate a particular investment option, the fee rebates will be paid to your investment options as outlined on page A2 in the application forms section.

Portfolio rebate

You may be entitled to a portfolio rebate depending on the size of your portfolio invested in eligible FirstChoice Wholesale products. Eligible FirstChoice Wholesale products included in the calculation of your portfolio rebate are:

- FirstChoice Wholesale Investments
- FirstChoice Wholesale Personal Super, and
- FirstChoice Wholesale Pension.

Only investments in this range of the FirstChoice range of products are eligible for the portfolio rebate. However, no rebate is payable on your investments in the Colonial First State Wholesale Cash and FirstRate Wholesale investment options.

FirstChoice Wholesale accounts held under the same Online Identity Number (OIN) are automatically eligible and are counted towards your portfolio rebate. If you have more than one OIN, please contact us to ensure that your portfolio rebate is calculated correctly. You can also nominate investments held in joint names or as trustee for a trust or superannuation fund to be included in your portfolio rebate. Each account can only be linked to one OIN for portfolio rebate purposes. We do not allow linking of nominee company accounts.

If you have more than one eligible FirstChoice Wholesale product, the portfolio rebate will be paid to each eligible product in proportion to your total portfolio.

The following table details the level of portfolio rebate you may be entitled to:

Value of eligible FirstChoice Wholesale products and investment options	Portfolio rebate (pa)
First \$800,000	Nil
Next \$400,000	0.10%
Over \$1,200,000	0.20%

Please note: Cash and deposit amounts are counted first in each tier amount.

Example calculation: A FirstChoice Wholesale Personal Super investor has the following investments:

• FirstRate Wholesale Saver	\$500,000
• Colonial First State Wholesale Cash	\$500,000
• FirstChoice Wholesale Balanced	\$1,000,000
• TOTAL PORTFOLIO	\$2,000,000

Portfolio balance	Rate	Portfolio rebate
First \$800,000 (Cash/Saver options counted first)	$\$800,000 \times 0.00\%$	\$0
Next \$400,000 (Cash/Saver option – \$200,000 remaining $\times 0.00\%$ plus \$200,000 $\times 0.10\%$)	$\$200,000 \times 0.10\%$	\$200
Over \$1,200,000	$\$800,000 \times 0.20\%$	\$1,600
TOTAL		\$1,800

We may change the portfolio rebate level or eligibility criteria at any time. If you require any clarification, please refer to our website, colonialfirststate.com.au, contact Investor Services on 13 13 36 or speak to your financial adviser.

Insurance costs (FirstChoice Wholesale Personal Super only)

Insurance premiums

The cost of insurance premiums depends on the amount of cover you choose and your personal circumstances, including your gender, health, occupation, age and smoking status.

The insurance premium is deducted monthly in advance from one of your investment options. You or your adviser must specify the investment option from which the insurance premium is deducted on the insurance application form.

Please note: Choosing FirstRate Wholesale Term Deposits or FirstRate Wholesale Investment Deposits investment options for premium deductions will be an 'early withdrawal' and reduce the interest you receive; refer to the Reference Guide.

Insurance administration fee

An insurance administration fee of up to 10% of Death, Death and Total and Permanent Disablement and Salary Continuance premiums is charged for administering your insurance arrangements.

This administration fee is included in the standard premium rates and is not an additional fee charged to your account.

For more information on insurance, please refer to the FirstChoice Super products Insurance booklet.

² In calculating your portfolio rebate, your account balance is determined using the gross unit price of each option.

Taxation

Please refer to section 6 for further details.

Expenses

Where any expenses of an investment option, other than outlined below, are tax deductible, the benefit is already reflected in the daily unit price for the option.

Tax deductibility of fees

The fees quoted in this PDS are shown before any allowance for tax payable.

Under current tax legislation, the fund is able to claim a tax deduction (currently at the rate of 15%) on fees payable in the fund, including administration fees. This deduction is passed on to the investors of the fund at the time the fees are levied (through the unit price for investment and administration fees). As a result, the actual fees charged are net of the tax deduction and cannot be claimed in your personal tax return.

Tax deductibility of insurance premiums

Similarly, the insurance premiums quoted in the PDS are shown before any allowance for tax payable.

Under current tax legislation, the fund is able to claim a tax deduction in respect of all or part of the insurance premiums paid through your account.

This deduction is passed on to the investors of the fund, at the time the premium is deducted from your account. As a result, the actual insurance premium charged against your account is net of the tax deduction and cannot be claimed in your personal tax return.

6 Taxation

Super is taxed at three stages: when it comes into the fund (super contributions), when it is in the fund (investment earnings) and when it leaves the fund (super benefits). There are many rules surrounding these taxes and a variety of factors which may impact the amount of tax you pay.

Tax on super contributions

Tax is deducted from certain contributions made to your account. The trustee pays the tax directly to the Australian Taxation Office (ATO). Contributions such as employer and salary sacrifice contributions made to your account are generally subject to 15% tax unless you exceed your concessional contributions cap.

Warning: If you exceed the contributions caps, you may also be liable for excess contributions tax of up to 49%, depending on your circumstances and the types of contributions.

If you earn over \$300,000, you may be subject to an additional 15% tax on part or all of the contributions within your concessional contributions cap.

The concessional cap for the 2015–16 year is:

- \$30,000 if you were under age 49 on 30 June 2015
- \$35,000 if you were 49 or over on 30 June 2015.

Please note: The lower concessional cap is subject to indexation in increments of \$5,000. Therefore, it may increase at different times in the future.

Please see your financial adviser for more information or contact the ATO for details.

Personal contributions that you make from your post-tax salary are classified as non-concessional contributions. You do not pay tax on those contributions as long as those contributions are below your non-concessional contributions cap and you have not claimed a tax deduction for those contributions.

The non-concessional contributions cap for 2015–16 is \$180,000 or if you are under age 65 at any time during the financial year, you can bring forward two years' worth of contributions under the bring-forward rule. Based on the current non-concessional cap of \$180,000, this could allow you to contribute up to \$540,000 over a three-year period. Please see your adviser for more information on how the bring-forward rule operates. If you are age 65 or over for all of 2015–16, then the cap is \$180,000.

Please note: The non-concessional cap is maintained at six times the lower concessional cap. Therefore, any increase in the concessional cap due to indexation will also result in an increase in the non-concessional cap.

Personal contributions for which you claim a tax deduction are concessional contributions which are subject to the concessional contributions cap.

Tax on investment earnings

Income which is earned in the fund (investment earnings) is taxed at a maximum rate of 15%. The effective rate of tax varies from fund to fund, depending on the level of tax deductions in the fund plus any tax offsets available. This may actually result in the tax being lower than 15%.

Taxation costs are reflected in the unit price of each investment option, except for the FirstRate Wholesale options. The FirstRate Wholesale options have a fixed unit price, and the interest rate credited will be net of super earnings tax of 15%.

Tax on super benefits

The amount of tax you pay on your super benefits depends on the type of super benefit, your age and whether you choose to receive your benefits as a lump sum or a pension. The amount of tax will also depend on the tax components that make up your super benefit.

All super benefits, both lump sum and pension from **taxed** super funds such as this fund, are not subject to tax if you're age 60 or over (other than certain death benefit payments). If you access your super before age 60, you may have to pay tax on all or part of your benefit.

There may be tax advantages in rolling your super into a pension, rather than taking it as a lump sum.

How pensions are taxed

Once you commence a pension, the fund does not pay tax on investment earnings on assets supporting your pension. On commencement of your pension, your account balance will be proportioned between your:

- taxable component, and
- tax-free component.

For further information on your tax components, please call Investor Services on 13 13 36.

The taxation components of each pension payment amount will be in the same proportion as your account balance on the commencement of your pension. You should talk to your financial adviser about what this means for you given your individual objectives, financial situation and needs.

No tax is payable:

- on your whole pension payment amount if you are age 60 or over
- on the tax-free component of your pension payment amount, or
- on your whole pension payment amount if you are receiving a pension because you are an eligible pension dependant of a member who died age 60 or over.

If you are under age 60, tax may be withheld from the taxable component of your pension payment amount:

- calculated on current income tax rates (taking into account whether you can claim the tax-free threshold and various tax offsets)¹
- if you have reached your preservation age (currently age 55, if you were born before 1 July 1960; if born later, your preservation age will be between ages 56 and 60, depending on your date of birth) or are permanently disabled or are an eligible pension dependant of a member who died, you are entitled to a 15% pension tax offset on the tax withheld
- at the highest marginal tax rate plus Medicare and other applicable levies, if you have not quoted your TFN or do not have a TFN exemption.

If tax is withheld from your pension payment amounts, we will give you a Payment Summary annually that you must include in your personal income tax return.

Please note: Irregular pension payments and lump sum payments taken outside of your scheduled pension payments will be taxed differently.

You should talk with your financial adviser about how a pension may be appropriate for your individual objectives, financial situation and needs.

Warning: Your Tax File Number (TFN)

Under super law (Superannuation Industry (Supervision) Act 1993), we can collect your TFN. If you provide your TFN, it will be treated confidentially.

If you give us your TFN, you are giving us consent to use it for legal purposes, including:

- calculating the tax on any benefits you're entitled to
- providing information, including your TFN, to the Commissioner of Taxation
- where applicable, searching for your other super accounts, using your TFN.

In particular, when we search for your other super accounts, you are consenting to us acting on your behalf and using your TFN to search the ATO's SuperMatch program for super amounts held on your behalf by the ATO or by other super funds (and seeking more information from those funds about the accounts found). This consent will be held into the future and will allow us to complete periodic searches on your behalf. If at any time you wish to withdraw your consent, please contact us on 13 13 36.

We will let you and your adviser (on file) know the results of all searches of the SuperMatch program. Then, you can decide together if you would like us to consolidate your super accounts with us.

If you ever ask us to roll over your benefits to another super fund, we may also give your TFN to that fund.

You don't have to give us your TFN – it's not required by law. But if you don't:

- you won't be able to make personal contributions to your account
- you may pay more tax on your benefits than you would otherwise have to – sometimes significantly more
- you also may not receive Government co-contributions that you may otherwise be eligible for
- it may be difficult to find and consolidate your super benefits or to pay the benefits you are entitled to receive.

Please note: The legal purposes may change in the future following legislative change and the consequences of not providing your TFN may also change as a result.

¹ If you would like us to adjust the amount withheld from payments made to you, or need to advise us of changes to information you have previously provided, you must complete a withholding declaration and upward variation agreement form, available from www.ato.gov.au

You should talk with your financial adviser about how super or a pension may be appropriate for your individual objectives, financial situation and needs.

You should read the important information (incorporated by reference) about how super and pensions are taxed before making a decision. Go to the Reference Guide, available online at colonialfirststate.com.au/fcwps or by calling 13 13 36. The material relating to tax may change between the time you read this PDS and the day you sign the application form.

7 Insurance in FirstChoice Wholesale Personal Super

Insurance is a very important part of your financial planning, as it provides you and your family with financial security should something unexpected happen to you. Linking insurance to your superannuation can potentially be both cost and tax-effective.

Insurance cover is provided through group policies issued to the trustee by The Colonial Mutual Life Assurance Society Limited ('CommInsure' or 'the insurer').

Types of insurance cover

FirstChoice Wholesale Personal Super offers a range of insurance cover options to suit your individual needs. These options are:

- Death only cover
- Death and Total and Permanent Disablement (TPD) cover
- Salary Continuance Insurance (SCI) cover.

Insurance cover can be increased or reduced to meet your changing needs. It is therefore important that you regularly review your insurance arrangements. We recommend that you speak to your financial adviser before applying for insurance cover.

When does your cover commence?

Your application for insurance cover will need to be assessed by CommInsure. Your insurance cover will commence when:

- the insurer has accepted your application for insurance, and
- you have sufficient account balance in FirstChoice Wholesale Personal Super to cover the monthly insurance premiums.

You will be notified in writing of CommInsure's assessment of your application and, if it is accepted, the date that your insurance cover or increase in cover commences.

How much does your insurance cover cost?

Insurance premiums are the cost that you pay for insurance cover. Insurance premiums vary according to your age, gender, occupation and type of cover. Insurance premiums may also be affected by your health, whether or not you smoke and any sporting or recreational activities in which you may participate.

Premiums are calculated based on your age next birthday, the type of insurance cover that you hold and the applicable premium rate. To work out how much your premium is likely to cost, please refer to the FirstChoice Super products Insurance booklet for more detailed information or call us for a premium estimate on 13 13 36.

Premiums are paid each month in advance and are deducted from your account on or around the 15th of each month.

You can cancel your insurance at any time but if you subsequently decide you would like to reinstate your insurance, you may be required to provide medical evidence.

If you wish to apply for insurance cover, you must complete the insurance application form and personal statement which is provided in the FirstChoice Super products Insurance booklet.

Important information (incorporated by reference) regarding the insurance benefits available to you is outlined in the FirstChoice Super products Insurance booklet, which is available online at colonialfirststate.com.au/firstchoiceinsurance. Alternatively, your adviser can provide you with this booklet or you can call Investor Services on 13 13 36 and a copy will be provided to you free of charge. You should read this information carefully in order to decide whether the insurance offered is appropriate for your circumstances.

8 How to open an account, cooling off and complaints

Read this PDS

You should read all parts of the PDS or contact Colonial First State on 13 13 36 or email us at contactus@colonialfirststate.com.au if you would like a paper copy to be sent to you free of charge. You should assess whether the product is appropriate for you and speak to your financial adviser before making a decision to invest in the product.

If you decide to invest in the product, you should always check that you are completing an application form from the most up-to-date version of the PDS.

By completing the application, you agree to the content of the PDS available at the date you first become an investor in FirstChoice Wholesale Personal Super or FirstChoice Wholesale Pension. Thereafter, we will notify you of changes to the PDS in accordance with our legal obligations.

Complete the forms required in the application forms section

Complete the application form included with or accompanied by the PDS and send it to us. Alternatively, you can complete the application online and send it to us. Please refer to the application form checklist to help you determine which forms to complete.

Units in FirstChoice Wholesale cannot be issued to you unless you use the application form attached to or accompanied by either a paper or an electronic copy of the PDS.

Documents available on the website

Information regarding trustee and executive remuneration and other documents we are required to provide under superannuation legislation (such as a copy of the trust deed) will be made available online.

You can find all this information at colonialfirststate.com.au

FirstChoice Wholesale Personal Super only

Product dashboards (when required) will also be available online at colonialfirststate.com.au

Is there a cooling-off period?

A 14-day 'cooling-off period' will apply to your initial investment in the funds in certain circumstances. Scheduled pension payments for FirstChoice Wholesale Pension accounts will not be made during this time. If, during the 14-day cooling-off period, you decide that FirstChoice Wholesale Personal Super, FirstChoice Wholesale Pension or the SuperFirst Transfer Facility does not meet your needs, then contact your financial adviser and advise us in writing.

Amounts that are, or become 'preserved' or 'restricted non-preserved' cannot be refunded directly to you if you take advantage of the 14-day cooling-off period (unless you satisfy a condition of release). We will roll over or transfer these amounts to the superannuation fund, Retirement Savings Account (RSA) or Approved Deposit Fund (ADF) you nominate. However, the amount will still be reported to the ATO.

The 14 days start when your transaction confirmation is received by you or five days after your units are issued, whichever is earlier.

We will refund your investment, reduced or increased for market movements. We will also deduct any tax or duty incurred and an amount for reasonable transaction and administration costs we incur in relation to your investment in the fund, including determining your application. As a result, the amount returned to you may be less than your original investment.

Please note that the cooling-off period will lapse if you transact on your account within the 14 days.

Under normal circumstances we will return your investment within seven working days of you notifying us (and, where relevant, once we have established your identity). For more information, please call Investor Services on 13 13 36.

What to do if you have a complaint

We accept that sometimes we can get things wrong, and when this happens we're determined to make them right again.

Talk to us

Most problems can be resolved quickly and simply by talking with our Colonial First State Customer Service team. If you are not satisfied with the outcome, you can contact CBA Group Customer Relations.

Customer Service	13 13 36 8am to 7pm (AEST) – Monday to Friday contactus@colonialfirststate.com.au
CBA Group Customer Relations	1800 805 605 CustomerRelations@cba.com.au CBA Group Customer Relations, Reply Paid 41, Sydney NSW Australia 2001

When you make a complaint to us, we will:

- acknowledge your complaint and make sure we understand the issues
- do everything we can to fix the problem
- keep you informed of our progress
- keep a record of your complaint, and
- give you our name, a reference number and contact details so that you can follow up if you want to.

If your complaint relates to a direct debit arrangement, we will provide a response within 21 days.

We will contact you within 45 days of receiving your complaint (if it does not relate to a direct debit arrangement) to provide an update and to let you know that if we do not resolve your complaint within 90 days you may request reasons for the delay.

We will also:

- advise you of your right to complain to the Superannuation Complaints Tribunal (SCT), and
- provide you with the SCT contact details.

External dispute resolution

If you are not happy with the response we provide, you may refer your complaint to an external dispute resolution service.

The SCT is a Commonwealth body that deals with complaints about superannuation. You can contact the SCT on 1300 884 114, or by writing to Superannuation Complaints Tribunal, Locked Bag 3060, Melbourne VIC 3001, or online at www.sct.gov.au

FirstChoice Wholesale Personal Super application form (refer to page A3)

To ensure that we are able to process your application quickly and efficiently, please check that you have completed the following steps:

Step 1 – Part A	
Your details – Complete sections 1–5	
Account details	Nominate to open a new account or link to an existing account.
Investor details	Provide your full name, date of birth and Tax File Number (refer to the PDS, page 23 for further details).
Contact details	Provide your contact details, including residential address.
Online services	You are automatically provided with access to online services. Do not cross the box if you want online access.
Employment details	Provide your occupation, industry and employment status.
Step 2 – Part B	
Your investment – Complete sections 6–8	
Contribution/Rollover details	<p>Provide details of your contribution and/or rollover. If you are making a personal contribution and intend to claim a personal tax deduction, you must provide us with a completed notice of intent to claim or vary a deduction for personal super contributions form, available in the forms library on our website, colonialfirststate.com.au, or from the ATO.</p> <p>You must have already notified the trustee of your super fund and received an acknowledgement from the trustee before applying for a pension. You will not be able to lodge this request once you have commenced a pension.</p> <p>Please note: If you are making a CGT contribution, you will need to provide us with a CGT cap election form (available from the ATO). If you don't provide us with the form, we must treat the contribution as a non-concessional contribution and it will count towards your non-concessional contributions cap.</p> <p>If you are making a personal injury payment, you will need to provide us with a contribution for personal injury form (available from the ATO). If you don't provide us with this form, we must treat the contribution as a non-concessional contribution.</p> <p>CGT, Personal Injury and Rollovers from Self Managed Super Funds (SMSF) cannot be sent in via EFT or Bpay. We can only accept a cheque or direct debit a bank account for these types of payments. SMSF rollovers must supply a rollover benefit statement.</p> <p>Please contact Investor Services on 13 13 36 or speak with your adviser if you require further information.</p>
Payment details ¹	<p>Indicate your method of payment. If investing by direct debit, please complete your bank details. If investing via cheque, please cross your cheque 'Not Negotiable' and make payable to:</p> <p>'FirstChoice Wholesale Personal Super, <Investor name>'.</p>
Investment allocation	<p>Complete your investment allocation details including:</p> <ul style="list-style-type: none"> the option(s) you wish to invest in the percentage to be attributed to each option for initial investments the percentage to be attributed to each option for your regular investment plan (if applicable). <p>Please note: If no investment option is selected, your investment will be delayed.</p>

¹ **Please note:** We require a separate direct debit authority to be completed in all cases where the bank account details do not exactly match the investor details on this account. In this case, you will need to obtain a separate direct debit authority form, available from our forms library.

Step 3 – Parts C & D		Other information and declaration – Complete sections 9–13
Auto-rebalancing facility	This facility allows you to rebalance the percentage amounts across each of your investment options, back in line with your preferred investment strategy. Please refer to the Reference Guide for further details of this facility.	
Adviser service fee and licensee service fee (if applicable)	You only need to complete this section if you have agreed with your financial adviser to have an ongoing and/or one-off adviser service fee and an ongoing licensee service fee (if applicable) deducted from your investment.	
Portfolio rebate	Select the investment option to which any portfolio rebate that may be applicable is to be credited. Refer to the PDS, page 21 to see if you are eligible and for further details on the portfolio rebate.	
Declaration and signature	Sign the declaration. If you are signing under a Power of Attorney, please see below.	
Step 4		Identification and verification
		You or your adviser may also like to complete the identification and verification form on page A37 so that we can establish your identity (for the purposes of Anti-Money Laundering and Counter-Terrorism Financing laws) and assist us in processing any future withdrawal request efficiently.

Please note: If you are signing under a Power of Attorney, please comply with the following:

- Attach a certified copy of the Power of Attorney document.
- **Each page** of the Power of Attorney document must be certified by a Justice of the Peace, Notary Public or Solicitor. Alternatively, additional certification options are available on page A37.
- The Attorney will also need to complete a power of attorney identification form (to enable us to establish the identity of the Attorney, including certified primary identification document, eg driver's licence, passport). The identification form can be obtained from our forms library at colonialfirststate.com.au or by phoning Investor Services on 13 13 36.

Default order for deduction of fees and portfolio rebates

Please note: Where amounts are to be deducted from or credited to your investment; for example, insurance premiums, adviser service fees, licensee service fees or fee rebates and no option or an invalid option has been nominated by you, a default order exists. Generally, the default order draws from or credits to your more conservative option, as determined by us. Special rules may apply where you hold FirstRate Wholesale Term Deposit or FirstRate Wholesale Investment Deposit options. Please call Investor Services on 13 13 36 should you require further information.

Direct debit customer service agreement

Our commitment to you

- We will send you regular transaction statements in addition to the initial confirmation of your drawings.
- Where the due date for a drawing falls on a non-business day, we will draw the amount on the next business day.
- We will provide written notice of any proposed changes to your drawing arrangement, providing no less than 14 days notice. If you are unhappy with any changes we make, you may cancel your direct debit arrangement without fee or charge by providing us with written notice as outlined under the heading 'Your rights'.
- We may terminate your direct debit arrangement if drawings are returned unpaid, or if debit is unsuccessful three times in any 12-month period.
- We will keep all information provided by you, and details of your nominated account at the financial institution, private and confidential.
- We will investigate and deal promptly with any queries, claims or complaints regarding debits, providing a response within 21 business days.

Your commitment to us

- It is your responsibility to check with your financial institution prior to completing the direct debit request, that direct debiting is available on that account.
- It is your responsibility to ensure that the authorisation on the direct debit request is identical to the account signing instruction held by the financial institution of the nominated account.
- It is your responsibility to ensure at all times that sufficient funds are available in the nominated account to meet a drawing on the due date for payment.

- It is your responsibility to advise us if the account nominated by you to receive the drawings is altered, transferred or closed.
- It is your responsibility to arrange with us a suitable alternative payment method if the drawing arrangements are stopped either by you or by the nominated financial institution.
- It is your responsibility to meet any charges resulting from the use of the direct debit system. This may include fees charged by us as a result of drawings returned unpaid, such fees being equal to actual costs we incur.

Your rights

- You may request to defer or alter the agreed drawing schedule by giving written notice to us or by calling Investor Services on 13 13 36. Such notice should be received by us at least five business days prior to the due date for the next drawing.
- You may cancel the direct debit arrangement at any time by giving written notice to us or by calling Investor Services on 13 13 36. Such notice should be received by us at least five business days prior to the due date for the next drawing. Your nominated financial institution may also accept a request to cancel your direct debit arrangement with us.
- All transaction disputes, queries and claims should be raised directly with us. We will provide a verbal or written response within 21 business days from the date of the notice. If the claim/dispute is successful, we will reimburse you by way of cheque or electronic credit to your nominated account.

Please phone Colonial First State Investor Services on 13 13 36 with any enquiries or send an email to contactus@colonialfirststate.com.au

- agree that by providing your Tax File Number, you consent to its use and disclosure as set out in the PDS
- understand that investments in FirstChoice Wholesale Pension and FirstChoice Wholesale Super are not investments, deposits or other liabilities of Commonwealth Bank of Australia or its subsidiaries and are subject to

investment and other risks, including possible delays in repayment and the loss of income and principal invested

- understand that neither Colonial First State nor Commonwealth Bank of Australia or its subsidiaries guarantee the repayment of capital, performance, or any particular rate of return from FirstChoice Wholesale Pension or FirstChoice Wholesale Personal Super
- agree that, with respect to the SuperFirst Transfer Facility, you will tell us if your employment status changes. In particular, you acknowledge that if you are age 65 or over you must meet the work test to make contributions to super.

About your financial adviser

- You confirm that the adviser service fee and/or licensee service fee (if applicable) agreed with your adviser is:
 - only for financial advice provided to you
 - only for financial advice in relation to your investment in FirstChoice Wholesale Pension and/or through the SuperFirst Transfer Facility, and
 - in your belief, a reasonable amount for the financial advice provided.
- You understand and agree that Colonial First State may decline a request to pay an adviser service fee and/or licensee service fee in order to comply with its obligations under superannuation law, and that it may be an offence, including an illegal early release of super scheme, if the above confirmation is not true and correct.
- You agree that your adviser will receive the payments specified in this application form via the sale of units from your investment, and you consent to Colonial First State deducting and paying the adviser service fee and/or licensee service fee to your adviser as specified in section 16 of the application form through their dealer group.

Direct debit request authorisation

- You authorise Colonial First State Investments Limited (User ID 011802) to arrange for funds to be debited from the nominated bank account you nominated in this application form and in accordance with the Bulk Electronic Clearing System (BECS).
- You have read the 'Direct debit customer service agreement' provided in the PDS (page A2) and agree with its terms and conditions.
- You request this arrangement to remain in force in accordance with details set out in section 11 and in compliance with the 'Direct debit customer service agreement'.

Identification and Verification Form – individuals

Full name of investor

All clients applying for a new FirstChoice Wholesale Pension account **must** complete the identification procedures (for the purposes of Anti-Money Laundering and Counter-Terrorism Financing laws). This form is to assist with those procedures for individuals. FirstChoice Wholesale Personal Super investors may also like to complete this form so that we can establish your identity and assist us in processing any future request efficiently.

Financial advisers undertake identification and verification procedures by completing sections 1 to 2 of this form or by using other industry standard forms.

If you do not have a financial adviser, you are required to complete section 1 of this form and provide certified copies of the ID documents (do not send original documents).

The list of the parties who can certify copies of the documents is set out below. To be correctly certified, we need the ID documents to be clearly noted 'True copy of the original document'. The party certifying the ID documents will also need to state what position they hold and sign and date the certified documents. If this certification does not appear, you may be asked to send in new certified documents.

List of persons who can certify documents¹ (for the purposes of Anti-Money Laundering and Counter-Terrorism Financing laws):

Tax File Number declaration instructions

We have provided some information below to assist you with the completion of the tax file number declaration form on page A41.

For full instructions on how to complete this form, please go to www.ato.gov.au/Forms/TFN-declaration

What is this declaration for?

This declaration helps us calculate how much tax to deduct from your pension payments. The amount of tax deducted may be reduced if you are entitled to the tax-free threshold. Please complete the declaration on page A41 and attach it to your application form.

Please note: If you are over age 60, you no longer need to complete this declaration.

If you do not complete the declaration, we must withhold an amount at the highest marginal tax rate plus Medicare and other applicable levies from any payment made to you. Additionally, if you do not quote a TFN, we will not be able to accept non-concessional contributions.

Question 1: What is your tax file number (TFN)?

It is not an offence to not quote your TFN. If you choose not to provide us with your TFN or claim an exemption you are entitled to, we must withhold an amount at the highest marginal tax rate plus Medicare and other applicable levies from any payment made to you.

Your TFN is usually on any papers sent to you from the ATO, such as last year's tax assessment. If you have never had a TFN, call the ATO on 132 861.

If you are not sure you have one, or cannot find it, call 132 861. You will be asked for information about your identity and if your number can be found, it will be posted to your current registered postal address. Privacy laws prevent the number being given over the phone.

If you have lodged a TFN application or enquiry for an individual or made a phone or counter enquiry to obtain an existing TFN, put a cross in that box in Question 1. We will withhold an amount at the rate applicable to a TFN having been quoted. If we do not receive your TFN after 28 days, we are required to withhold tax at the highest marginal tax rate plus Medicare and other applicable levies from future payments.

You are exempt from quoting your TFN if:

- you are under 18 and do not earn enough to pay tax, OR
- you receive certain Department of Human Services pensions, benefits or allowances or a service pension from the department of Veterans' Affairs or Military Rehabilitation and Compensation Commission. (You must quote your TFN if you receive Newstart, Youth or sickness allowance or an Austudy or parenting payment.)

Put a cross in the appropriate box in Question 1 to claim your exemption.

Question 6: On what basis are you paid?

We have answered this for you as 'Superannuation income stream' as your basis of payment.

Question 7: Are you an Australian resident for tax purposes?

If unsure of your status, call the ATO on 132 861.

If you are not an Australian resident for tax purposes, you must answer NO to Questions 8, 9 and 10 (unless you are a foreign resident claiming a senior and pensioner, zone or overseas forces tax offset).

To check your Australian residency status for tax purposes, visit www.ato.gov.au/residency

Question 8: Do you want to claim the tax-free threshold from this payer?

The tax-free threshold is the amount of income you can earn each financial year that is not taxed. By claiming the threshold, you reduce the amount of tax that is withheld from your pay during the year. It is available only to people who are Australian residents for tax purposes – that is, people who answered YES at Question 7.

Answer YES if you want to claim the tax-free threshold, you are an Australian resident for tax purposes and **one** of the following applies:

- you are not currently claiming the tax-free threshold from another payer
- you are currently claiming the tax-free threshold from another payer and your total income from all sources will be less than the tax-free threshold.

Answer NO if **one** of the following applies:

- you answered NO at Question 7
- you are currently claiming the tax-free threshold from another payer and your total income from all sources will be more than the tax-free threshold
- you do not want to claim the tax-free threshold.

For more information about the current tax-free threshold, which payer you should claim it from or how to vary your withholding rate, refer to: www.ato.gov.au/taxfreethreshold

If you receive any taxable government payments or allowances, such as Newstart, Youth Allowance or Austudy, you are likely to be already claiming the tax-free threshold from that payment.

Tax file number declaration instructions (continued)

Question 9: Do you want to claim the seniors and pensioners tax offset by reducing the amount withheld from payments made to you?

Claim benefits and tax offsets with only one payer

You are not entitled to reduce your withholding amounts, or claim the seniors and pensioners tax offset (SAPTO), with more than one payer at the same time.

If you receive income from more than one source and need help with this question, phone **1300 360 221** between 8.00am and 6.00pm, Monday to Friday.

How your income affects the amount of your tax offset

You must meet the eligibility conditions to receive SAPTO. Your rebate income, not your taxable income, determines the amount of SAPTO you will receive, if any.

Answer **yes** if you are eligible and choose to claim SAPTO with this payer. To reduce the amount withheld from payments you receive during the year from this payer, you will also need to complete a withholding declaration (NAT 3093).

Answer **no** if one of the following applies:

- you are not eligible for SAPTO
- you are already claiming SAPTO from another payer
- you are eligible, but want to claim your entitlement to the tax offset as a lump sum in your end-of-year income tax assessment.

For more information about your eligibility to claim the tax offset or rebate income, go to www.ato.gov.au/individuals/income-and-deductions/offsets-and-rebates/

Question 10: Do you want to claim a zone, overseas forces or invalid and invalid carer tax offset by reducing the amount withheld from payments made to you?

Claim tax offsets with only one payer

You are not entitled to claim tax offsets with more than one payer at the same time.

You may be eligible for one or more of the following:

- a zone tax offset if you live or work in certain remote or isolated areas of Australia
- an overseas forces tax offset if you serve overseas as a member of Australia's Defence Force or a United Nations armed force
- an invalid and invalid carer tax offset.

Answer **YES** to this question if you are eligible and choose to receive tax offsets by reducing the amount withheld from payments made to you from this payer. You also need to complete a withholding declaration (NAT 3093).

Answer **NO** to this question if you are not eligible for the tax offsets, choose to receive any of these tax offsets as an end-of-year lump sum through the tax system, or are already claiming the offset from another payer.

Foreign resident

If you are not an Australian resident for tax purposes, you are not entitled to claim an invalid and invalid carer tax offset. You may be entitled to claim the zone or overseas forces tax offset.

For more information about your entitlement, go to www.ato.gov.au/individuals/income-and-deductions/offsets-and-rebates/

Question 11(a): Do you have a Higher Education Loan Program (HELP) or Trade Support Loan (TSL) debt?

Answer **yes** if you have a HELP or TSL debt.

Answer **no** if you do not have a HELP or TSL debt, or you have repaid your HELP or TSL debt in full.

You have a HELP or TSL debt if:

- the Australian Government lends you money under HECS-HELP, FEE-HELP, OS-HELP, VET FEE-HELP, SA-HELP or TSL
- you have a debt from the previous Higher Education Contribution Scheme (HECS).

For information about repaying your HELP or TSL debt, go to www.ato.gov.au/Individuals/Study-and-training-support-loans/

Sign and date the declaration

Make sure you have answered all the questions in section A, then sign and date the declaration. Give your completed declaration to your payer to complete section B.

Privacy of information

Taxation law authorises the ATO to collect information and to disclose it to other government agencies. For information about your privacy, go to www.ato.gov.au/privacy

Varying your current rate of withholding

If you have answered YES to Questions 9 or 10 you will need to get a withholding declaration form (NAT 3093) from the ATO.

The withholding declaration is also to be used if, at a later date, you wish to:

- advise a change to your rebate or Family Tax Benefit entitlement
- claim the tax-free threshold and to discontinue claiming the threshold with other payers
- advise that you have become, or ceased to be, an Australian resident for tax purposes
- advise HELP repayment obligations or changes to them.

You do not need a new tax file number declaration if you have a current one with us (or employment declaration or annuity or superannuation pension declaration completed before 1 July 2000).

If you qualify for a reduced rate of Medicare levy or are liable for the Medicare levy surcharge, you may vary the amount we withhold from your payments by completing a Medicare levy variation declaration.

- You agree that the named adviser remains authorised, even if this adviser transfers to a new dealer group (with the current dealer's release) and changes to new arrangements without notice to you.
- If the dealer group's Australian Financial Services Licence is suspended or cancelled by the Australian Securities and Investments Commission, we have the discretion to switch off the adviser authority.
- If we reasonably believe that a person is your authorised adviser or their authorised delegate, then anything they do on your behalf will be treated as if you have done it personally.
- Once you sign this authority, then we will treat your adviser (or their delegate) as being properly appointed unless you tell us otherwise.
- At our complete discretion we can refuse to accept an authority, permit a person to transact or carry out a transaction.

- You agree to release, discharge and indemnify us from and against any liability, cost or loss that is incurred by us or you as a result of our acting on this authority except if we have acted fraudulently or have wilfully defaulted in our obligations to you and you acknowledge we will process transactions under this authority until we receive a valid written notification, signed by you, amending or revoking this authority.
- This authority continues until the second business day after we receive written notice from you of cancellation of the authority.
- Use of Colonial First State's online facilities is subject to specific terms and conditions. These are available on our internet site.
- We can cancel or vary these conditions by giving you not less than seven (7) days written notice.
- If during our normal business hours FirstNet is unavailable or online transactions are not being processed (as determined by us), then this authority will permit your adviser (or their delegate) to transact on your behalf using fax instructions. The terms of fax usage which will then apply are set out in the Reference Guide.

Please note:

- By providing this authority to your adviser, you will also be automatically updated to full transaction access on your account via FirstNet, if you do not already have this level of access.
- The adviser may also delegate this authority to third parties, such as others in their office. Therefore, you should carefully consider the implications of giving this authority before proceeding.
- The adviser and the authorised delegate will be authorised to carry out these activities online only.
- We will not accept or be on notice of any restrictions on their authority.
- Investments and withdrawals can only be made to and from a bank account pre-nominated by you.

PLEASE NOTE THAT BY APPOINTING AN ADVISER TO TRANSACT ON YOUR BEHALF, YOU ARE GIVING THAT ADVISER, AND ANY PERSON ACTING ON BEHALF OF THE ADVISER, AUTHORITY TO TRANSACT AND MODIFY DETAILS ON YOUR ACCOUNT(S), UNTIL WE RECEIVE A VALID WRITTEN NOTIFICATION, SIGNED BY YOU, AMENDING OR REVOKING THIS AUTHORITY.

Frequently asked questions about non-lapsing death benefit nominations

What is a non-lapsing death benefit nomination?

A non-lapsing death benefit nomination is a request by you to the trustee of FirstChoice Wholesale to pay your death benefit to the person or persons nominated on your non-lapsing death benefit nomination form. The trustee may consent to your nomination if your nomination satisfies the requirements described in the following paragraphs.

We are required to follow your nomination if, prior to your death, you complete and we receive your valid non-lapsing death benefit nomination, and we consent to that nomination.

The nomination remains valid until you revoke or make a new nomination. This can provide you with greater certainty on who will receive your death benefit when you die.

Who can I nominate?

A valid non-lapsing death benefit nomination can only nominate your legal personal representative and/or your dependants. Your legal personal representative is the person appointed on your death as the executor or administrator of your estate.

Please note: If you hold a pension account that has an existing reversionary beneficiary, you are not able to make a nomination until the existing reversionary beneficiary has been revoked.

Your dependants are:

- your current spouse
This includes the person at your death to whom you are married or with whom you are in a de facto relationship (whether of the same sex or a different sex) or in a relationship that is registered under a law of a State or Territory.
- your child
This includes any person who at your death is your natural, step, adopted, ex-nuptial or current spouse's child, including a child who was born through artificial conception procedures or under surrogacy arrangements with your current or then spouse.

- any person financially dependent on you
This includes any person who at your death is wholly or partially financially dependent on you. Generally, this is the case if the person receives financial assistance or maintenance from you on a regular basis that the person relies on or is dependent on you to maintain their standard of living at the time of your death.
- any person with whom you have an interdependency relationship
This includes any person where at your death:
 - you have a close personal relationship with this person
 - you live together with this person
 - you or this person provides the other with financial support, and
 - you or this person provides the other with domestic support and personal care.

An interdependency relationship is not required to meet the last three conditions, if the reason these requirements cannot be met is because you or the other person is suffering from a disability.

In establishing whether such an interdependency relationship exists, all of the circumstances of the relationship are taken into account, including (where relevant):

- the duration of the relationship
- whether or not a sexual relationship exists
- the ownership, use and acquisition of property
- the degree of mutual commitment to a shared life
- the care and support of children
- the reputation and public aspects of the relationship (such as whether the relationship is publicly acknowledged)
- the degree of emotional support
- the extent to which the relationship is one of mere convenience, and
- any evidence suggesting that the parties intended the relationship to be permanent.

If you are considering relying on this category of dependency to nominate a person, you should consider completing a statutory declaration addressing these points as evidence of whether such a relationship exists. You should talk to your financial adviser for more information.

How do I make an alteration to my completed form?

Example:

Witness declaration		
I declare that I am over the age of 18 and this non-lapsing death benefit nomination was signed and dated by the member in my presence.

- Any alterations to the completed form must be initialled by you and both witnesses.
- Both witnesses must sign this form on the same date as the member.

How do I nominate more beneficiaries?

If you wish to nominate more beneficiaries, you can attach their nomination details to this form. The attachment must be headed 'Attachment to Non-lapsing Death Benefit Nomination Form'.

The attachment must include your full name and account number, the full names of the beneficiaries, their date of birth, their relationship to you and the percentage of the benefit to be paid to each person. The attachment must also be signed and dated by you. The same two witnesses who sign section 5 of this form must also sign and date the attachment and include in the attachment the declaration "I declare that I am over the age of 18 and this non-lapsing nomination was signed and dated by the member in my presence".

How do I make a valid non-lapsing death benefit nomination?

To make a valid non-lapsing death benefit nomination:

- you must be at least 18 years of age
- you must complete in writing the non-lapsing death benefit nomination form available in the most up-to-date PDS or on our website or by calling us
- you must only nominate your legal personal representative and/or a person(s) who is your dependant
- you must provide the full name, date of birth and the relationship which exists between you and each of the nominated beneficiaries
- you must ensure that the proportion payable to each person nominated is stated and you have allocated 100% of your death benefit
- your nomination must not be ambiguous in any other way
- you must sign the non-lapsing death benefit nomination form in the presence of two witnesses who are both at least age 18 and are not nominated by you as a beneficiary on the form.

For your validly completed non-lapsing death benefit nomination to be effective you must send and we must receive and consent to your validly completed non-lapsing death benefit nomination prior to your death.

You may seek to revoke your nomination or make a new non-lapsing death benefit nomination at any time by completing a new non-lapsing death benefit nomination form in writing, available in the most up-to-date PDS or on our website or by calling us.

Is my nomination effective?

It is important to be aware before completing a non-lapsing death benefit nomination that **if your non-lapsing death benefit nomination is valid and the trustee consents to that nomination, the trustee must follow the nomination and it cannot be overruled by the trustee.**

However, if you nominate a person who is not your legal personal representative or a dependant when you die, then your nomination will not be valid to the extent that it relates to that person despite any consent granted by the trustee.

It is important to review your nomination regularly to ensure it is still appropriate to your personal circumstances and reflects your wishes. If, after making a non-lapsing death benefit nomination, you marry, separate or divorce, enter a de facto relationship (including same-sex), have a child, or if someone you nominate has died, or someone becomes or is no longer financially dependent upon you or in an interdependency relationship with you, then you should review your non-lapsing death benefit nomination or consider making a new nomination.

If you nominate your legal personal representative, your death benefit will be paid to your estate and distributed in accordance with your Will or the laws of intestacy. This means that the distribution may be challenged if someone disputes your Will or the distribution of your estate.

If you nominate one or more of your dependants, your death benefit will be paid directly to them.

If a person nominated on your non-lapsing death benefit nomination form is no longer a dependant at the date of your death, then the proportion of your death benefit which would have been payable to that person will be paid to your legal personal representative.

Tax may be withheld from your death benefit when paid to your dependants or distributed from your estate. There are differing tax treatments of death benefits depending on how old you are, how old your nominated beneficiaries are and who you nominate and whether it is paid as a pension or lump sum. You should read the PDS for more information or talk to your financial adviser.

How is my death benefit paid?

At the time of your death, we will contact the people you have nominated in your non-lapsing death benefit nomination to ensure that they are still a dependant.

We are also generally required to establish the identity of this person before paying out your death benefit.

If you have nominated one or more of your dependants, they will be provided the choice of taking their proportion of the death benefit as a lump sum cash payment or, if available, a pension from FirstChoice Pension or FirstChoice Wholesale Pension. **Please note**, however, that from 1 July 2007 if you have nominated a child, the death benefit must be paid to them as a lump sum cash payment unless the child:

- is under age 18
- is under age 25 and is financially dependent on you, or
- has a certain type of disability.

If your child's personal circumstances change so that they no longer meet one of these exceptions, we will pay the remaining account balance to them as a lump sum cash payment. A PDS describing the features of a pension from FirstChoice Pension or FirstChoice Wholesale Pension is available on our website or by calling us.

What if I don't have a valid non-lapsing death benefit nomination?

Your death benefit will be paid to your legal personal representative if:

- at the time of your death, you have not completed or we have not received and consented to a valid non-lapsing death benefit nomination
- you have revoked your last non-lapsing death benefit nomination and you have not made a new non-lapsing death benefit nomination
- the person or persons you have nominated cannot be identified or are not your dependant or legal personal representative at the time of your death, or
- the trustee determines that the whole of your non-lapsing death benefit nomination is otherwise invalid.

This is general information only and does not take into account your personal circumstances. Please talk to your financial adviser for more information on non-lapsing death benefit nominations and your personal estate planning needs.

5 MEMBER DECLARATION

I understand/declare that:

- if this nomination is consented to by Colonial First State, any existing death benefit nomination will be revoked and replaced
- any beneficiary nominated by me, other than my legal personal representative, must be a dependant within the meaning of the Superannuation Industry (Supervision) Act 1993 (SIS Act). A dependant includes my spouse, child, a person who is financially dependent on me or with whom I have an interdependency relationship
- at the time of making this nomination, the beneficiary or beneficiaries nominated by me are dependants within the meaning of the SIS Act
- if my nomination is invalid in whole or in part, or cannot be followed for any reason or because a beneficiary/beneficiaries is no longer a dependant at the date of my death, then that proportion of my benefit will be paid to my legal personal representative
- my beneficiary/beneficiaries and I will be bound by the provisions of the trust deed relating to non-lapsing death benefit nominations

- I may at any time revoke or replace a non-lapsing death benefit nomination in accordance with FirstChoice's procedures and with the consent of Colonial First State
- this declaration must be signed and dated by me in the presence of two witnesses (who are not nominated by me as a beneficiary of my death benefit), both of whom are over the age of 18
- this nomination applies to the account number(s) identified on this form. This nomination may be transferred with the identified account(s) to another superannuation or pension account within the same superannuation trust
- I have read the PDS and agree to be bound by the provisions of the trust deed governing the fund (as amended)
- I am over the age of 18.

I acknowledge that Colonial First State and/or its related entities ('the Group') will not be liable to me or other persons for any loss suffered (including consequential loss) where transactions are delayed, blocked, frozen or where the Group refuses to process a transaction or ceases to provide me with a product or service.

A nomination is not considered valid unless it has been completed correctly and we receive it. Any alterations to your form must be initialled by yourself and both witnesses or it will be invalid. A nomination will not be effective until we have consented to it. You should regularly review your nomination to ensure that the nominated beneficiary/beneficiaries remain eligible to receive the portion of your death benefit specified in this nomination and that this nomination accurately reflects your wishes. If you wish to revoke or replace an existing death benefit nomination, you must complete and lodge with us a new non-lapsing death benefit nomination form. Your existing death benefit nomination will be revoked and replaced on consent being granted by Colonial First State to the new non-lapsing death benefit nomination. If you have any questions, please contact your adviser or Investor Services on 13 13 36.

Your non-lapsing death benefit nomination will be invalid unless:

- you, and two adult witnesses (aged over 18) have signed
- neither of your witnesses are named as beneficiaries
- your witnesses have dated the form the same date as you
- all alterations on this form have been initialled by three parties.

All nominations will be invalid unless:

- all required sections on this form are completed
- total percentage of nominations equal 100%.

Consolidating your super

By completing this form, you will initiate a rollover or request to transfer your super benefits between funds.

You must use the Schedule 2B to transfer your benefits to your own self-managed super fund (SMSF).

This form will **not** change the fund to which your employer pays your contribution. The *standard choice* form must be used by you to change funds.

Before completing this form, please read the important information below.

Important information

This transfer may close your account (you will need to check this with your fund). This form CANNOT be used to:

- transfer benefits if you don't know where your superannuation is
- change the fund to which your employer pays contributions on your behalf (known as choice), or
- open a superannuation account, or transfer benefits under certain conditions or circumstances; for example, if there is a superannuation agreement under the Family Law Act 1975 in place.

What happens to your future employer contributions?

Using this form to transfer your benefits will not change the fund to which your employer pays your contributions and may close the account you are transferring your benefits from.

Things you need to consider when transferring your superannuation

When you transfer your super, your entitlements under that fund may cease. You need to consider all relevant information before you make a decision to transfer your super. If you ask for information, your super provider must give it to you. Some of the points you may consider are:

- **Fees** – your **FROM** fund must give you information about any exit or withdrawal fees. If you are not aware of the fees that may apply, you should contact your fund for further information before completing this form. The fees could include administration fees as well as exit fees. Colonial First State may also charge entry fees on transfer. Differences in fees funds charge can have a significant effect on what you will have to retire on. For example, a 1% increase in fees may significantly reduce your final benefit.
- **Insurance** – your **FROM** fund may insure you against death, illness or an accident which leaves you unable to return to work. If you choose to leave your current fund, you may lose any insurance entitlements you have. Colonial First State may not offer you insurance or may require you to pass a medical examination before we cover you. You may wish to check the costs and amount of any cover offered by Colonial First State.

Checklist

- ☐ **Check** that you have completed all sections and fields marked with an asterisk
- ☐ **Sign** and date the authorisation in section 4

FirstChoice Wholesale Personal Super and FirstChoice Wholesale Pension compliance advice

FirstChoice Wholesale Personal Super and FirstChoice Wholesale Pension are both parts of the Colonial First State FirstChoice Superannuation Trust ('the Fund'). The Fund is a complying, resident, regulated superannuation fund and is constituted under a trust deed dated 29 April 1998. The trustee of the Fund is Colonial First State Investments Limited ('the trustee').

In the event that the Fund's complying status was revoked the trustee would receive notice to that effect under section 63 of the Superannuation Industry (Supervision) Act. The trustee confirms that it has not received nor does it expect to receive any such notice.

Yours faithfully

Financial Services Guide

Dated 16 May 2016

This Financial Services Guide (FSG) is an important document which we are required to give to you under the requirements of our Australian Financial Services Licence. It provides you with information about Colonial First State Investments Limited ABN 98 002 348 352 ('Colonial First State', 'we', 'our', or 'us') to help you decide whether to use the financial services we provide. This FSG outlines the types of services and products we can offer to you. It also explains how we (and other relevant persons) are remunerated for these services and includes details of our internal and external complaints handling procedures and how you can access them.

To invest in any of our financial products, you must complete the application form attached to or accompanying the relevant Product Disclosure Statement (PDS). The PDS contains information about the particular product and will assist you in making an informed decision about that product.

If we provide you with personal financial product advice rather than general financial product advice, we will give you a Statement of Advice (SOA). Personal financial product advice is advice that takes into account one or more of your objectives, financial situation and needs. The SOA will contain the advice, the basis on which it is given and information about fees, commissions and any associations which may have influenced the advice.

Who are we?

Colonial First State is one of Australia's leading wealth management providers and a part of the Commonwealth Bank of Australia Group ('the Bank').

Any financial services offered will be provided by a representative of Colonial First State. Colonial First State has an Australian Financial Services Licence granted under the Corporations Act to provide these services to you.

We are also licensed to be the trustee of superannuation funds under the Superannuation Industry (Supervision) Act 1993.

We do not act as a representative of any other licensee in relation to the services we provide you.

To contact us you can:

- call Investor Services on 13 13 36
- visit our website at colonialfirststate.com.au
- write to us at Reply Paid 27, Sydney NSW 2001
- email us at contactus@colonialfirststate.com.au

What financial services and products do we offer?

Colonial First State is authorised to offer a range of financial services including:

- dealing in financial products
- giving advice on financial products
- operating registered managed investment schemes
- being the trustee of superannuation funds.

We also offer a range of managed investment, superannuation and pension products. Some of our superannuation products offer life insurance benefits. We can help you to apply for these products and can also give you general financial advice in relation to our products, or products offered by other financial institutions, including other members of the Bank.

We do not generally provide financial planning services. We only give personal financial product advice in limited situations. Personal financial product advice is not provided through our website or Investor Services.

How can you transact with us?

You can give us instructions electronically, by telephone, mail, fax or via our website. Any dealings with us by telephone, fax or electronically will be governed by our standard 'telephone, fax and electronic communications terms and conditions'. These terms and conditions are contained in the Reference Guide and are also available on the website at colonialfirststate.com.au

There are also terms and conditions of use for our website and FirstNet, our secure internet service. These terms and conditions can be obtained on the website.

How are we remunerated for the services we provide?

If you invest in a product we offer, Colonial First State will receive remuneration in relation to your investment in that product.

Where we advise you about a product offered by another company of the Bank and you acquire that product then that company will receive remuneration. This remuneration may include investment and administration fees (which include transaction, ongoing and, if applicable, any borrowing costs). In some situations, withdrawal fees, account fees and transaction fees may apply. The remuneration we will receive for the products we offer is set out in the PDS for the particular product. The remuneration we will receive for this product is set out in the 'Fees and other costs' section of the PDS on pages 9 to 22 of this combined document.

Colonial First State does not receive any fees, nor do we charge you additional fees for providing financial product advice.

What commissions, fees or other benefits are received?

Employees of Colonial First State who give you advice do not receive specific payments or commissions for the giving of that advice. These employees and our directors receive salaries, bonuses and other benefits from us. Bonus payments and other benefits are discretionary, and based on achievement of pre-determined objectives, in compliance with the Corporations Act 2001. You may receive advice in relation to the products we offer from financial advisers who do not work for Colonial First State or may be representatives of other licensees in the Bank. These advisers may receive some benefits from us. The adviser's remuneration is included in the fees you pay when investing in our products. The amount of this benefit is set out in the PDS for the particular product. The remuneration we pay advisers in relation to this product is set out in the 'What is paid to your adviser?' section of the PDS on page 20 of this combined document. We do not pay commissions or provide other benefits to third parties for referring customers to us.

What kind of compensation arrangements are in place for a breach of our legal obligations?

Where we are liable to meet a claim, payment will generally be paid from our cash flows and available resources.

For claims, we may rely on and claim under the professional indemnity insurances that we hold. These insurances are between us and the insurer and are intended to respond to civil liability resulting from significant claims for compensation made against us for financial services provided by us or our representatives. These insurances provide cover even if one of our representatives has ceased to act or work for us.

Our compensation arrangements comply with the legal requirements set out in section 912B of the Corporations Act.¹

How is your personal information dealt with?

Please refer to the inside cover of this combined document (the PDS dated 16 May 2016) and the Reference Guide for details on how your personal information is dealt with.

What should you do if you have a complaint?

Please refer to page 25 of this combined document (the PDS dated 16 May 2016) for details about our complaints handling procedures.

¹ Section 912B requires financial services licensees who provide financial services to retail clients to have arrangements for compensating those persons for loss or damage suffered because of breaches of relevant legal obligations by a licensee or its representatives.

Details of these relationships should be disclosed by your adviser in documents such as the Financial Services Guide which your adviser must give you.

Colonial SuperTrace Eligible Rollover Fund (SuperTrace) ABN 73 703 878 235 is the nominated eligible rollover fund of FirstChoice Super and Pension and FirstChoice Employer Super.

SuperTrace receives and retains fees in connection with those services.

For more information on related party transactions, refer to the 'Managing conflicts of interest' section following.

Managing conflicts of interest

CFSIL is a subsidiary of the Commonwealth Bank of Australia.

All related party transactions are conducted on arm's length terms. Accordingly, CFSIL believes that related parties are receiving reasonable remuneration. Any conflict of interest or potential conflict of interest is managed in accordance with the Bank's Conflict of Interest Policy.

CFSIL is the responsible entity and the trustee of FirstChoice and makes its investment decisions independently from the activities of other members of the Bank. The available investments may include securities or other financial products issued by members of the Bank. As a result, the Bank's activities may have an effect on the investments.

CFSIL makes no representation as to the future performance of any underlying investments held in FirstChoice, including those issued by members of the Bank.

CFSIL, other members of the Bank and their directors and employees may hold, buy or sell shares or other financial products held by the options in FirstChoice. Members of the Bank may have business relationships (including joint ventures) with related parties or any of the options included in FirstChoice. In addition, members of the Bank may from time to time advise CFSIL in relation to activities unconnected with FirstChoice.

Such relationships and advisory roles may include acting as general financial adviser in respect of, without limitation, corporate advice, financing, funds management, property and other services.

The directors and employees of CFSIL and other members of the Bank may hold directorships in the companies held by the options included in FirstChoice. Any confidential information received by the Bank and its directors and employees as a result of the business relationships, advisory roles and directorships discussed above will not be made available to CFSIL.

Interests of the directors of the trustee

Executive directors may receive remuneration as employees of the Bank or one of its related entities. Non-executive directors are also remunerated for their services. From time to time, directors may hold interests in shares or other securities issued by the Bank or hold investments in one or more of the funds offered by Colonial First State.

This PDS has been authorised under delegation by our directors.
