This document is a Supplementary Investor Directed Portfolio Service Guide (SIDPS Guide) issued by Colonial First State Investments Limited ABN 98 002 348 352, AFSL 232468 (CFSIL).

This SIDPS Guide supplements the FirstWrap Plus Investments:

- Investor Directed Portfolio Service Guide, Issue No 2022/1 dated 30 May 2022 (IDPS Guide), and
- Other Important Information brochure, Issue No 2022/1 dated 30 May 2022 (OII brochure).

This SIDPS Guide must be read together with the above documents, available free of charge:

- on our website, **firstwrap.com.au** under 'Offer documents',
- from your adviser, or
- by calling us on 1300 769 619.

Unless otherwise specified, terms used in the above documents have the same meaning in this SIDPS Guide.

Purpose of this SIDPS Guide

- To amend the range for the Cash account fee in the 'Fees and costs summary' table.
- To update the 'Adviser fees' section.
- To amend the range for the Cash account fee in the 'Example of annual fees and costs for a balanced investment option' section.
- To amend the range for the Cash account fee in the 'Cost of product for 1 year' section.

Fees and other costs

As the range for the Cash account fee has been amended, the table under the heading 'Fees and costs summary' is replaced with the following:

FirstWrap Plus Investments

Type of fee or cost	Amount ¹	How and when paid
Ongoing annual fees and costs²		
Management fees and costs³ The fees and costs for managing your investment These fees relate only to gaining access to the underlying investments through the platform; and do not include the fees and costs that relate to investing in underlying investments.	Administration fee Total Account balance On the first \$100,000 On amounts above \$100,000 – \$250,000 On amounts above \$250,000 – \$500,000 On amounts above \$500,000 – \$1,000,000 On amounts above \$1,000,000 – \$3,000,000 On any amount above \$3,000,000 The fee tiers applicable are applied to the combined balance of all linked accounts within a family group. For more information about the Administration fee, refer to the 'Additional explanation of fees and costs' section.	The Administration fee is calculated on the average balance of your account (valued at the end of the month) including amounts held in your cash account and any other investments in your account. It is deducted from your cash account monthly in arrears (or upon closure of your account based on the number of days your account is open) and paid to us shortly after the last day of each month. The Administration fee will commence from the day of your first deposit into your account. The Administration fee is not payable on balances held in eligible managed funds, and these balances will not count towards the combined value of the accounts within your family group for fee aggregation calculations. ⁴ If your total account balance is held in these reduced cost options and the cash account ⁵ for an entire month, no Administration fee will be deducted from your cash account. Please refer to 'Benefits from linking related accounts in a family group' in the 'How your account works' section and 'Fee aggregation' in the 'Fees and other costs' section for more information on fee aggregation when linking related accounts within a family group. The Operator has discretion to waive the Administration fee on balances held in suspended investments. Please refer to the 'Suspended investments' section in the Other Important Information brochure for more information.
	Cash account fee Up to 1.500% pa of your cash account. The current Cash account fee can be found at firstwrap.com.au under 'Offer documents'.	The Cash account fee is calculated daily and deducted monthly from your investment return before interest is calculated and applied to your cash account. This fee is calculated on a proportionate basis depending on the number of days in the month your account is open. This fee is not deducted directly from your cash account. It will be included in your periodic statement and referred to as 'Cash account fee'.

The 'Adviser fees' section has been updated and is replaced with the following:

Adviser fees

You can agree with your adviser to pay fees in exchange for the advice and related services they provide to you. Where we are provided with a valid copy of your written consent, we will either establish a monthly deduction of Adviser service fees on an ongoing or fixed term basis, or apply the fee on a once-off basis. These fees are deducted from your cash account. You cannot pay both an ongoing and a fixed term fee at the same time.

Any ongoing or fixed term Adviser service fee will be paid to your current adviser or any subsequent adviser on your account. You can update the adviser on your account at any time. You can also renegotiate the adviser fees with your adviser at any time.

For us to deduct adviser fees from your investment account, the fee must be:

- consented to by you in writing, and
- of a reasonable amount for the advice and services provided to you.

For retail investors, where you agree to pay an Adviser service fee to your adviser, we will continue deducting these fees from your account until:

- your fixed term fee has expired,
- when you do not renew your consent to continue an ongoing Adviser service fee, or
- you ask us to stop deducting the fees from your account.

We recommend you speak to your adviser before making changes to the Adviser service fees on your account as this may result in changes to the advice and related services they provide to you. Where you instruct your adviser to stop these fees from being deducted from your account, your adviser has 10 business days to notify us to cease the fees. Fees will end on the date we are notified.

Your written consent to deduct adviser fees from your account

To facilitate the deduction of any adviser fee we must have your written consent or a copy of it, which is provided to us by your adviser. Consent must be provided by using an approved version of a fee consent form. This form will require you to consent to the amount of the Adviser service fee that is to be deducted from your account and to which adviser the fee is to be paid (through their licensee group). The form also outlines the frequency, time and amount of any fees, a reasonable estimate of the fees you will pay in the

next 12 months if it is not a set dollar fee and, for fixed term and one-off fees, the services to be provided by your adviser.

Fees can be established as either one of the following types:

• Ongoing Adviser service fee

Where you agree with your adviser to pay an ongoing Adviser service fee from your account, this fee will generally apply from the date we receive a valid copy of your written consent. For accounts with multiple account holders, all account holders will need to provide their consent. For retail accounts, you must provide written consent annually in order for the fees to continue. Where an ongoing fee arrangement is not renewed, the fees will cease on the 'consent end date' (which cannot exceed 150 days from the Anniversary Date) provided in your written consent, or

• Fixed term Adviser service fee

Where you establish a fixed term arrangement with your adviser, we will generally apply an Adviser service fee for the period agreed by you and your adviser on the fee consent form. These fees will cease once the 'end date' of your fixed term fee is reached. To establish a new fixed term fee to be deducted from your account you will need to complete a new request. For retail accounts with more than one account signatory, all nominated signatories (as instructed in your signature arrangement) will need to provide their consent.

Fees are typically deducted from your account within the first five business days of the following month and can be viewed in your statements, online or via the CFS FirstWrap app, where you have access. To make changes to your fees a new fee consent form must be completed. Upon processing your written instructions to amend your fees, we will generally apply the updated fees on the later of the day we receive your instructions or the nominated start date (if applicable). Forms that are received near the end of the month may be processed in the following month. Where this occurs, fees will commence from the beginning of the following month.

We will not be liable for any delay that may occur from the time your request is received due to incomplete instructions or information not provided at the time of your request.

The Operator may at its discretion limit, reduce or refuse to deduct an adviser fee. The adviser will be notified where this occurs. In this case, your adviser may discuss with you an alternative means for payment.

Your adviser can help you to understand the advice and related services you will receive for the fees you pay to them either in a Statement of Advice or other related advice documentation, such as a Record of Advice. If you have any queries in relation to the advice or related services received, your adviser is best placed to assist you with these. If you want to know more about the amount of fees, your adviser can assist or you can contact us directly.

Your adviser may also agree to pay a portion of the adviser fees to their licensee group for services they provide to your adviser. Where this applies, this is not an additional amount paid by you but is included in the adviser fees deducted from your account. Please speak to your adviser for more information.

Where the rights of your adviser and/or their licensee are assigned or novated to another person or entity, the agreed fees and payments of these fees, may transfer to that person or entity.

Upon notification of your death, we may cease deducting adviser fees from your account. For further information refer to the section 'What we do in the event of your death' in the Other Important Information brochure.

The actual fees paid by us to your adviser and/or their licensee group include GST. However, the fee deducted from your cash account will be less than the amount paid to the adviser where GST RITCs apply to those fees.

Should the ATO change their view in relation to GST RITCs, this may result in an increase in net fees in the future.

Adviser fees

Fee type	Amount ¹	How and when paid
Adviser service fee^{2, 3}	<p>As agreed between you and your adviser, an Adviser service fee can be deducted from your account for advice and related services provided to you in relation to your account.</p> <p>An Adviser service fee can be expressed as either:</p> <ul style="list-style-type: none"> • a percentage-based fee, or • a dollar-based fee, or • a combination of percentage-based and dollar-based fees. <p>The percentage-based fee⁴ can be either:</p> <ul style="list-style-type: none"> • a fixed or tiered percentage rate/s, or • a fixed or tiered percentage rate/s according to the different types of investments you hold in your account. <p>The dollar-based fee is a fixed dollar amount per month.</p>	<p>You direct us to deduct an Adviser service fee from your cash account monthly in arrears (or upon closure of your account based on the number of days your account is open) and pay these fees to your adviser's licensee group shortly after the last day of each month.</p> <p>The Adviser service fee will generally commence on the later of the day we receive your fee consent form, the nominated start date (if applicable), or the day of your first deposit into your account.</p> <p>A percentage-based fee is calculated using the daily account balance including amounts held in your cash account and any other investments in your account.</p> <p>A dollar-based fee is calculated daily each month.</p> <p>Where there are changes to your Adviser service fee during a month, the fee will be pro-rated using the number of days each of your fee arrangements were applicable.</p>
One-off advice fee	A dollar amount on a one-off basis.	As negotiated and agreed between you and your adviser, this fee is debited from your cash account, in accordance with your direction, on the day you and your adviser's signed authorisation has been processed by us. This fee enables you to pay for one-off advice from your cash account, as applicable.

- 1 All figures disclosed include the net effect of goods and services tax (GST) and reduced input tax credits (RITC). Fees are rounded to the nearest cent. Please refer to the 'GST and RITC' section within 'Additional explanation of fees and costs'.
- 2 If your account holds an ordinarily liquid investment which becomes a suspended investment due to difficult market conditions, no percentage-based fee will be deducted from the value of this investment. If the suspended investment is the only investment you hold (along with any amounts in the cash account), no percentage or dollar-based fees will be deducted. Please refer to the 'Suspended Investments' section of the Other Important Information brochure for further information.
- 3 The applicable fees will not be payable on the amount of any investments you elect to in-specie transfer out of your account from the date that we accept and process your paperwork.
- 4 A percentage-based Adviser service fee is not permitted where you have a margin lending facility linked to your account.

As the range for the Cash account fee has been amended, the 'Example of annual fees and costs for a balanced investment option' section and the 'Cost of product for 1 year' section are replaced with the following:

Example of annual fees and costs for a balanced investment option

This table gives an example of how the ongoing annual fees and costs in the balanced investment option for this product can affect your investment over a 1-year period. You should use this table to compare this product with other products offered by managed investment schemes.

EXAMPLE¹ – Vanguard Growth Index Fund (VAN0110AU)		BALANCE OF \$50,000 WITH A CONTRIBUTION OF \$5,000 DURING YEAR
Contribution fees	Nil	For every additional \$5,000 ² you put in, you will be charged \$0.
PLUS Management fees and costs ^{3,4}	0.480% deducted directly from your account + 0.304% deducted indirectly. ⁴	And , for every \$50,000 you have in FirstWrap Plus Investments you will be charged or have deducted from your investment \$391.66 each year.
PLUS Performance fees	Nil	And , you will be charged or have deducted from your investment \$0 in performance fees each year.
PLUS Transaction costs	Nil	And , you will be charged or have deducted from your investment \$0 in transaction costs.
EQUALS Cost of Vanguard Growth Index Fund (VAN0110AU)	If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees and costs of \$391.66. ⁵ What it costs you will depend on the investment option you choose and the fees you negotiate.⁶	

- 1 All figures disclosed include the net effect of goods and services tax (GST) and reduced input tax credits (RITC). Please refer to the 'GST and RITC' section within 'Additional explanation of fees and costs'.
- 2 For this example, the contribution of \$5,000 is made at the end of the year.
- 3 This is equal to 0.480% (Administration fee) + Indirect fees and costs of 0.290% (investment costs for Vanguard Growth Index Fund (VAN0110AU)) and 1.500% (Cash account fee on the \$550 retained in your cash account).
- 4 You are required to maintain a minimum cash balance, and this example reflects the Cash account fee that will apply on your cash account balance. If, in addition to \$49,450 invested in the managed fund, you also held \$550 in your cash account, the Cash account fee would be \$8.25 (\$550 x 1.500%).
- 5 Additional fees may apply. Establishment fee: \$0. And, if you leave the Service early, you may also be charged exit fees of 0% of your total account balance.
- 6 The administration fees and costs for this product are not subject to negotiation and are outlined in the fees and costs table.

Note: Additional fees may apply.⁵

The fees and costs relate to access to the investments on the Investment List and some (but not all) of the costs within those investments. Additional costs will be charged by the issuers of the investments that you decide to invest in. You should refer to the disclosure documents for the accessible investments for more details on the fees and costs that may be charged by those issuers. The disclosure documents are available on request and free of charge from your adviser.

Cost of product for 1 year

The cost of product gives a summary calculation about how ongoing annual fees and costs can affect your investment over a 1-year period for all investment options. It is calculated in the manner shown in the Example of annual fees and costs.

The cost of product assumes a balance of \$50,000 at the beginning of the year with a contribution of \$5,000 during the year. (Additional fees such as an establishment fee or an exit fee may apply: refer to the Fees and costs summary for the relevant option.)

You should use this figure to help compare this product with other products offered by the Service.

Cost of product	
FirstWrap Plus Investments	\$990

We are required by law to include cost of product information. As a wrap product, there are a wide range of investment options available with varied fees and costs. This single example is provided for illustrative purposes only and indicates the cost of product if you were to open a FirstWrap Plus Investments account and hold all your investment in the cash account.

The following assumptions apply to this example:

- All figures disclosed include the net effect of goods and services tax (GST) and reduced input tax credits (RITC). Please refer to the 'GST and RITC' section within 'Additional explanation of fees and costs'.
- 100% is held in the cash account.
- It is based on the minimum investment amount of \$50,000.
- For this example, the contribution of \$5,000 is made at the end of the year.
- The fees are calculated based on 0.480% (Administration fee) + 1.500% (Cash account fee).
- The account is not linked for fee aggregation.

Additional costs will be charged by the issuers of the investments that you decide to invest in. You should refer to the disclosure documents for the accessible investments for more details on the fees and costs that may be charged by those issuers. The disclosure documents are available on request and free of charge from your adviser.

This example should be used as a guide only and may not represent the actual fees that you will pay if you join FirstWrap Plus Investments.

Quality reporting

The Service consolidates all your investments through the one account, allowing you and your adviser access to comprehensive reporting, including:

- the current valuation of your portfolio

- the proportion of your investments held in key asset classes
- consolidated investment reporting across a family group, including family trusts, SMSFs and other individuals and any other available investment products, such as annuities.¹

Your annual tax statement will show the income you received during the year. It sets out the components of each distribution and the relevant imputation credit and foreign income tax offset, as well as any non-taxable income. A comprehensive capital gains tax (CGT) statement is also available and provides details of any investments you sold during the year.

Value of quality advice

Australians can benefit from quality financial advice, and your adviser could help you on the path to enjoy the financial freedom you desire for your future. FirstWrap Plus is designed to be accessed by and managed through an adviser, and we work closely with your adviser to help make their advice accessible to you.

Value for money

We aim to provide a competitively priced product that gives you value for money. By combining related accounts into a single family group, you can potentially realise even greater value for money through fee aggregation. By linking your account with related members in your family group (for example, your husband, wife or SMSF), the Administration fee is applied to the combined value of the accounts, which may potentially lower the overall fees.

FirstWrap Plus Investments also offers a range of investment options that attract no Administration fees. For further information on how this is applied, refer to the 'Fees and other costs' section, and for a list of eligible funds you can refer to the Investment List.

¹ For further information on other available investment products, speak to your adviser and refer to the relevant product disclosure statement.

Changes are made in accordance with your specific instructions or in line with your pre-determined investment strategy. We will only accept and act upon investment instructions – including your application and initial investment, from your adviser. You will not be able to provide investment instructions directly to us if you have a licensed adviser authorised on your account.

We may at our discretion allow information to be provided to a third party at your adviser's instruction. Third parties may include, but are not limited to, approved providers of software used by advice practices. Where requested, we may send data for accounts associated with an adviser that includes account, investor, transaction and income details. Your adviser may be entitled to receive remuneration based on the instructions provided to us, as outlined in the 'Fees and other costs' section of this document.

In the event we are notified of your death, your adviser will no longer be able to transact on your account. Please refer to the 'What we do in the event of your death' section of the Other Important Information brochure.

Benefits from linking related accounts in a family group

Subject to privacy and consent requirements being met you can apply to us to have your account grouped with other FirstWrap Plus accounts held by:

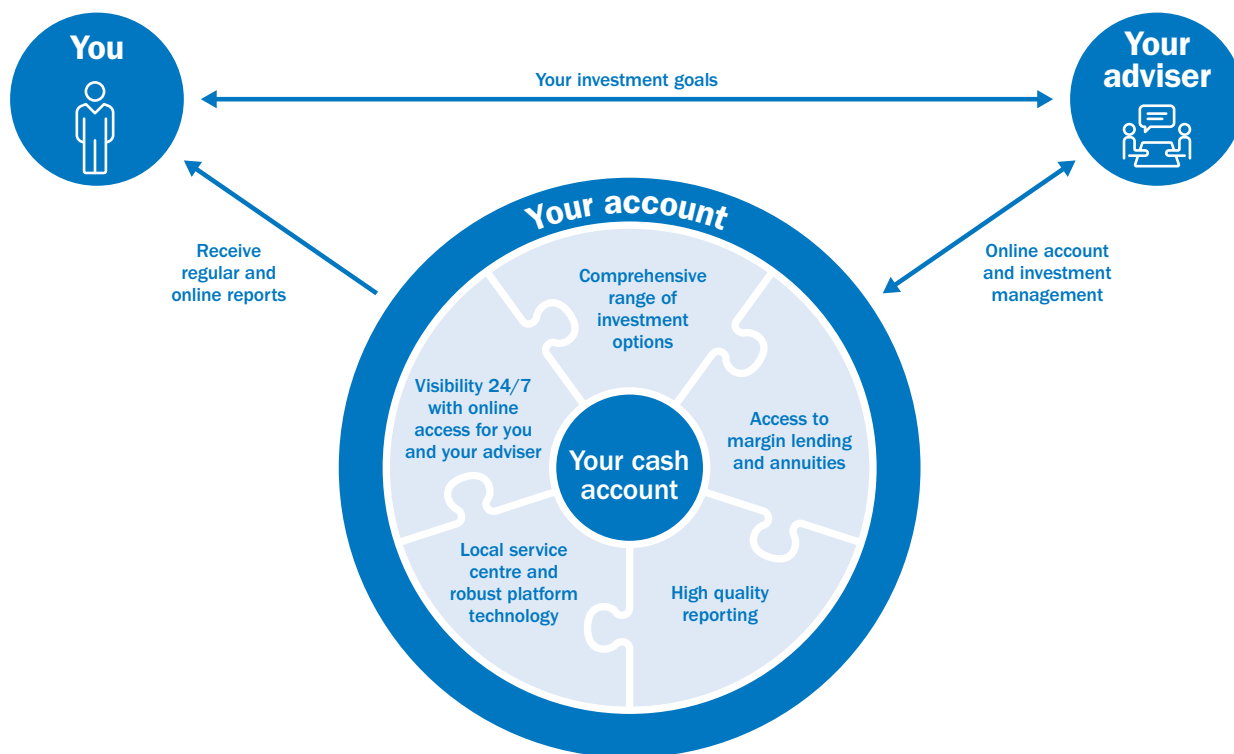

- You
- Members of your immediate family ie your spouse, de-facto, partner, children, parents, siblings, grandparents or grandchildren
- Companies, trusts or self-managed super fund which you or a member of your immediate family are the director, trustee or beneficiaries.

We reserve the right to refuse requests for accounts to be combined in a family group (for example where the account holder, including trustees and directors, is not a member of your immediate family).

If you link FirstWrap Plus accounts within a family group, you :

- Have the option to view account information through online access and produce consolidated reporting of other account holders within your family group where each member consents to do so.

You can notify your adviser or us at any time to no longer link your account with family members. Please refer to 'Consolidated reporting' and 'Investor access' under the 'Keeping you informed' section for further information.

Your cash account

Your account includes a cash account, which forms the central transaction hub of your FirstWrap Plus Investments account.

Your cash account is used to:

- receive contributions
- purchase investments and receive proceeds from the sale of investments
- pay fees, charges and taxes
- pay withdrawals, including retail insurance premiums (if applicable) and purchase other investment products such as annuities
- receive income from your investments.

Your contributions will be held in the cash account until clear investment instructions have been received, and your selected investments have been purchased.

We will only withdraw or otherwise move the funds held in your cash account:

- where clear investment instructions have been received and your selected investments have been purchased
- to pay fees, charges, taxes and insurance premiums (if applicable)
- in accordance with your instructions in relation to investing or withdrawing (for example, in relation to a regular investment facility, reinvestment of your managed fund income, making a withdrawal or setting up a regular withdrawal) (refer to the Other Important Information brochure for further information in relation to these transaction options).

For further information on your cash account and how we process your transactions, refer to the 'Managing your account' section in the Other Important Information brochure.

The cash account is a deposit established by us with CBA. All balances within the cash account are pooled and held in trust by the custodian.

Interest on the pooled cash account is allocated after the Cash account fee is deducted across all accounts according to your average daily cash account balance.

The net interest amount is credited to your cash account monthly within the first five business days of the following month. If your account is closed a pro-rata net interest amount is paid based on indicative rates.

Details of the fee applying to the cash account are available in the 'Fees and other costs' section of this IDPS Guide.

Minimum cash balance

You are required to maintain a minimum balance in your cash account of the lower of \$2,500 or 0.5% of the total account balance, plus the value of any regular payments due over the next two months.

You and your adviser are responsible for ensuring that sufficient funds are maintained in your cash account. For further information, refer to the 'Minimum cash balance' section under 'Managing your account' in the Other Important Information brochure.

Risks of investing

Before you consider investing in FirstWrap Plus Investments, it's important that you understand the risks that can affect your investments.

What is risk?

All investments carry risk. Different strategies may carry different levels of risk, depending on the investments that make up the strategy. Each person's attitude to risk will vary, depending on a range of factors including age, investment timeframes, other investments you hold and your risk tolerance.

Investments with the highest long-term returns may also carry the highest level of short-term risk. You should be aware that the value and level of returns of investments will vary, future returns may differ from past returns, and there may be a loss of principal, capital or earnings. Returns are not guaranteed, and the value of your account can rise and fall over time.

General risks

There is a risk that laws (including tax laws) may change in the future and may adversely affect your investment.

Delays in buying and selling investments may occur if a transaction request is not fully completed or signed.

Technology risk

FirstWrap Plus uses technology to manage your account. As with any service that uses technology systems including infrastructure, storage, networking or applications, there is a risk that these may fail, resulting in an impact to customers or business operations. There is also technology security risk should there be unauthorised access into these systems or data. These risks are managed through rigorous testing and controls; however, you should be aware of the impact this risk may have on processing your requests.

We, the Administrator and custodian also rely on third-party providers for various services. Should there be an error in data they have provided or a delay due to a failure in their technology or systems, this may impact processing of transactions, accuracy of reporting and managing your account in accordance with timeframes. These risks are managed through agreements with those third-party providers including service level agreements that outline timeframes for fixing delays, should they occur.

Market risk

Investment returns are influenced by the performance of the market as a whole. This means your investments can be affected by things like changes in interest rates, investor sentiment and global events, depending on which markets or asset classes you invest in and the timeframe you are considering. Previous returns don't predict future performance.

Liquidity risk

Liquidity risk refers to the difficulty in selling an asset for cash quickly without an adverse impact on the price received. Assets such as shares in large listed companies are generally considered liquid, while 'real' assets such as direct property and infrastructure are generally considered illiquid.

Under abnormal or difficult market conditions, some normally liquid assets may become illiquid. An illiquid investment is defined as an investment that takes longer than 30 days to be sold or, if it could be sold in less than 30 days, it would have a significant adverse impact on the value realised on redemption.

If you choose to hold an illiquid investment, you may not be able to redeem that investment to cash in order to withdraw from FirstWrap Plus.

Refer to the 'Illiquid investments' section in the Other Important Information brochure for more information.

Counterparty risk

This is the risk that a party to a transaction such as a swap, foreign currency forward or stock lending fails to meet its obligations such as delivering a borrowed security or settling obligations under a financial contract.

Custodian risk

Investments in FirstWrap Plus are held in the name of the custodian or sub-custodian. This means that there is a risk that a custodian or sub-custodian fails to adequately account for assets for the benefit of the investor.

Environmental, social and governance risk (ESG) and climate risk

The value of individual investments may be influenced by environmental, social and governance (ESG) factors. These risks may be real or perceived and may lead to financial penalties and reputational damage. For example, environmental risks include waste and pollution, resource depletion and land use. Social risks are where the investment may be impacted by social, labour and human rights risks and cover health and safety, human rights and labour standards. Governance risks can impact the sustainability of an investment and cover business practises such as Board diversity and independence, voting procedures, transparency and accountability.

Climate change also poses a risk – not only to the environment, but also to the broader economy and valuation of an investment. Typically, climate change risks can be split between physical and transition risks.

Physical risks refer to the direct impact that climate change has on our physical environment. For example, a company's revenue may be reduced due to weather events and this may reduce the value of the company's shares.

Transition risks refer to the much wider set of changes in policy, law, markets, technology and prices that may be needed to address the mitigation and adaptation requirements which are necessary for the transition to a low carbon economy.

More information on specific investment risks

More information on the risks associated with your selected investments is available in the disclosure documents for those investments. These are available through your adviser. You should also refer to the Other Important Information brochure for risks associated with investment categories.

How we invest your money

Your adviser will work with you to implement an investment strategy that suits your individual goals and objectives.

FirstWrap Plus Investments provides access to managed accounts, managed funds and listed securities traded (unless a restricted stock in accordance with the *Corporations Act 2001* (Cth) section 611) on the ASX. A comprehensive range of fixed interest products is also available, giving you a wide choice of providers and terms.

An up-to-date list of the investments available through FirstWrap Plus Investments is available at firstwrap.com.au, by contacting us, or your adviser can provide you with a copy.

Managed accounts

FirstWrap Plus offers a range of managed accounts developed by professional portfolio managers as part of their comprehensive investment menu. For more information on the managed accounts available, please refer to the Investment List available at firstwrap.com.au and the applicable managed account PDS available from your adviser.

Your investment strategy

Until you choose an investment strategy, your investment will remain in your cash account.

It is important when determining your investment strategy to consider the likely investment return, the level of risk and your investment timeframe. Before you make a decision you should review the disclosure documents for the investments you are considering to ensure they meet your needs and are in line with your investment strategy. You can obtain a copy of the disclosure documents from your adviser.

Neither the Operator nor our related entities guarantee your investment in FirstWrap Plus Investments, or any income or the rate of return. The value of your account will rise or fall depending on the performance of the investments selected.

Investment List

The Operator, through its Board Investment Committee (the Committee), determines which investments will form part of the Investment List. The Committee meets at least quarterly and reviews potential new investments against its Investment Governance Framework. The Committee is chaired by a member of the CFSIL Board.

The Investment Governance Framework takes a number of factors into account when considering the addition of new investments, including liquidity, whether the investment can be administered in a pooled environment and the costs associated with administering the investment. The Investment List is not constrained by products issued by the Operator; all investments meeting the Operator criteria may be approved for investment.

The Investment Governance Framework is applied to all investments. The Committee considers any related party relationship that may exist between an investment and the Operator of the product.

Investing through FirstWrap Plus Investments

Investing through FirstWrap Plus Investments is not the same as holding investments directly. Here are some of the main differences:

- You can access managed investments, generally with wholesale fees.
- The custodian is the legal owner of the investments, and you are the beneficial owner.
- In certain circumstances, we have the right to convert investments to cash.
- Communications regarding your holdings in managed accounts, listed securities or managed funds will not be sent directly to you if you have an authorised adviser.
- We can exercise the rights as shareholder in listed securities or as a unit holder in managed funds.
- Providing investment instructions to the Operator must be done by your adviser, when you have an authorised adviser.

Some rights are not available to you when you invest through FirstWrap Plus Investments, as described below:

- Cooling-off rights generally available to direct retail investors are not available to you when you invest through an IDPS, such as FirstWrap Plus Investments. Cooling-off rights may be important where underlying investments have infrequent or restricted redemption windows. Please speak to your adviser for more information.
- If an underlying investment's disclosure document is defective before the issue of the investment, you may not have the same withdrawal rights given to direct retail investors. If this occurs, the product issuer would not be required to return the investment or provide you with other options such as notification of an option to withdraw pursuant to section 1016E (for product disclosure statements) or section 724 (for disclosure documents) of the *Corporations Act 2001* (Cth). Where practicable, we will provide you with information regarding withdrawal options and any supplementary or replacement disclosure, as soon as possible, from when we are notified by the underlying fund. Where practicable, we will act on your instructions as to how to exercise any withdrawal option (if provided).
- Voting rights, which may be available to you if you invest directly, may not be available to you when you invest through FirstWrap Plus Investments. Our voting policy is explained within the Summary of CFS Wrap Responsible Investment policy and a copy of this policy is available free of charge, on request or online at firstwrap.com.au under 'Offer documents'.
- Listed security investments are held in individual accounts in the name of the custodian, which means you generally won't receive communications about your shareholdings from the listed company. You can, however, ask us to send you a copy of these communications at any time.

For further information about corporate actions and voting rights, refer to the Other Important Information brochure.

Periodic statements for underlying investments

For retail investors, when you invest in a managed account or managed fund through the Service, your adviser will provide you with the PDS for the managed account or managed fund which will set out its own fees and costs.

It is important to note that there is no statutory requirement for the product issuer of your underlying investments to provide you with a periodic statement each year which sets out the indirect costs applicable to that managed account or managed fund for the year.

Your periodic statement from the Service will include the fees and costs disclosed in this IDPS Guide, as well as an estimate of fees and costs incurred within the underlying investments you have chosen to invest in through the Service.

Investment news

From time to time, we need to tell you about certain events and their effects on your investments. This information is made available electronically via the 'Investment news' link on our website at firstwrap.com.au.

Once the information is available on the website, you'll be taken to have received the relevant information regardless of whether or not you access the 'Investment news' update.

If you have ASX listed securities in your portfolio, you'll need to refer to the ASX website for any announcements. A link to the ASX website is available through the 'Investment news' link on our website.

If you have any queries on a change to an investment you hold in your account, please contact your adviser.

For more information about investment options, please refer to the Other Important Information brochure at firstwrap.com.au.

Fees and other costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns. For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better investor services justify higher fees and costs. You may be able to negotiate to pay lower fees.¹ Ask the fund or your adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

- 1 We are required by law to include this information, which refers to the ability to negotiate fees. The administration fees and costs for this product are not subject to negotiation and are outlined in the table below.

This section shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns on your investment or from the assets of the Service as a whole.

Taxes are set out in the 'Tax on FirstWrap Plus Investments' section in the Other Important Information brochure.

You should read all the information about fees and costs because it is important to understand their impact on your investment.

The total fees and charges you pay when investing through FirstWrap Plus Investments include the costs of FirstWrap Plus Investments as well as the cost of any underlying investment options you choose.

It is important that you understand these fees. The fees of any underlying investment options you choose are in addition to the fees charged by us for the Service and to the transaction and account costs incurred on your behalf.

The costs of the investments you choose will generally be set out in the disclosure documents for the investment. Where possible, the fees and costs for each underlying investment available through the Service are set out in the Investment List.

For more information on these fees, go to the Other Important Information brochure at firstwrap.com.au.

Additional explanation of fees and costs

GST and RITC

The services provided by us constitute a financial supply and are subject to input tax. However, on some fees and charges we can claim an RITC from the Australian Taxation Office (ATO). If an RITC is available, it is applied at the time the fee is charged. Should the ATO change their view in relation to GST credit entitlement, this may result in an increase in net fees in the future.

Cash account fee

The Cash account fee is equal to the rate of interest we earn in relation to the funds held in your cash account, less the rate of interest that we credit to your cash account.

We do not deduct this fee directly from your account but instead take the fee from the investment returns before interest is paid to your account. We may change the fee from time to time, including reducing or increasing the fee.

The Cash account fee rate may change if there are changes in the Reserve Bank of Australia Official Cash Rate and/or the interest rate we receive.

Services provided for the Administration fee

By charging an Administration fee we are able to provide a wide range of administration services including:

- Consolidated reporting and tax information for all investments in FirstWrap Plus Investments.
- Access to online reporting of transactions, asset allocation and current valuation of your account.
- Linking related accounts for the purpose of calculating the Administration fee (see the 'Fee aggregation' section).
- Custody and administration of your portfolio of investments.
- Provision of technology to manage and transact on your portfolio.
- Access to wholesale fund managers not readily available to retail investors.

Fee aggregation

You may link FirstWrap Plus accounts within a family group, for example FirstWrap Plus Personal Super, FirstWrap Plus Pension, FirstWrap Plus Term Pension and FirstWrap Plus Investments accounts held by members of your immediate family ie spouse, de-facto, partner, children, parents, siblings, grandparents or grandchildren. You may also link any company, trust or self-managed super fund where you or a member of your immediate family are the director, trustee or beneficiaries, subject to privacy and consent requirements being met.

We reserve the right to refuse requests for accounts to be combined in a family group (for example where the account holder, including trustees and directors, is not a member of your immediate family).

By linking accounts, you ensure that the Administration fee is applied on the combined value of the accounts within your family group, meaning that you'll benefit from scale and potentially pay a lower Administration fee. Fee aggregation will not apply on accrued fees deducted on closing your account.

If you link accounts for fee aggregation, you may also have the option to view information of other account holders within your family group where each member consents to do so. Refer to 'Consolidated reporting' in the 'Reporting' section for further information. You can advise your adviser or us at any time to remove this access.

Balances held in eligible managed funds and suspended investments that don't attract an Administration fee will not count towards the combined value of the accounts within your family group. If your entire account balance is invested with eligible managed funds, the cash account and the value of any unsettled trades will also not apply to the combined value of the account.

The fee aggregation calculation may change on the death of a family member who had a linked account.

Example of Administration fees on linked accounts

	Portfolio balance	Non-linked fee (pa)	Linked fee (pa)	Savings (pa)	Savings (pa)
Smith Investments Pty Ltd ATF Smith Super Fund FirstWrap Plus Investments - SMSF	\$650,000	\$1,730.00	\$1,374.75	\$355.25	21%
Smith Family Trust FirstWrap Plus Investments	\$300,000	\$1,105.00	\$634.50	\$470.50	43%
Peter Smith FirstWrap Plus Personal Super	\$50,000	\$275.00	\$133.25	\$141.75	52%
Total	\$1,000,000	\$3,110.00	\$2,142.50	\$967.50	31%

Note: All figures disclosed include the net effect of GST and RITC. Refer to the 'Additional explanation of fees and costs' section for further details. This example does not include eligible managed funds where the Administration fees do not apply.

Changes in fees and costs

The Operator may increase existing fees and charges at its discretion or impose additional fees or charges, subject to any maximum limits allowed under the Deed. If the Operator decides to introduce any additional fees or charges, or increase existing fees and charges (other than the cost component of fees or charges), the Operator will give you at least 30 days' advance notice. This doesn't include the Cash account fee which may vary from time to time. The current Cash account fee can be found at firstwrap.com.au under 'Offer documents'.

We may, at the Operator's discretion, offer to investors to waive or reduce any of the fees and costs disclosed in this IDPS Guide.

Fee rebates and reductions

We may at our discretion offer some licensee groups an overall reduction to the Administration fee.¹ This may be in the form of a reduction to the Administration fee tiers and rates, or a rebate of the Administration fee paid by you each month. Where your adviser's licensee group is eligible to a reduction or a rebate, your adviser will provide you with details of your arrangement.

If you're eligible for a rebate, it will appear on your reports as 'Client fee rebate'. Rebates are calculated monthly using the Administration fee paid by you and the rebate rate/s (flat, tiered or scaled) negotiated with your adviser's licensee group at the end of the month. Rebates will not apply to the Administration fee when you close your account.

We reserve the right to amend or cease to apply a reduction or rebate to the Administration fee on your account by providing you with 30 days' notice prior to the change. We will also contact your adviser and your adviser's licensee group prior to this change. When a rebate or reduction to the Administration fee commences or ceases to apply, the rebate or fee tier and rate will apply for the full calendar month in which the change occurs.

If you cease to be affiliated with your adviser's licensee or your adviser is no longer affiliated with the eligible licensee group, any reductions or rebates will no longer be applied to your account, without notice to you. This could lead to an increase in the net Administration fee you will pay.

Transactional and operational costs

Transactional and operational costs (transaction costs) may include transaction fees, brokerage, settlement and clearing costs, stamp duty and/or buy-sell spreads incurred by a fund in managing its assets. They're an additional cost to you and are associated with actual investment transactions and the buying and selling of the underlying investments within a fund.

The costs described in the following table may apply depending on the investment decisions you make. They cover the costs incurred in the execution and settlement of your trade by the broker and the custodian.

Type of fee or cost	Amount ¹	How and when paid
Standard brokerage - Individual trades²	Brokerage will be charged at the rate of 0.10% of the value of the transaction with a minimum charge per contract settled of \$39 for individual trades. ³ Brokerage is paid to the Operator for placing listed security trades on your behalf.	Brokerage applies when your adviser purchases or sells listed securities (for example, company listed securities, exchange-traded securities, property trusts and income securities) using the Operator approved broker on the platform. Brokerage will be deducted from your cash account on contract settlement. ³
Standard brokerage - Managed accounts	Nil - where completed as part of a managed account.	Where you purchase or sell ASX listed securities (for example, company listed securities, exchange-traded securities, etc.) as part of a managed account.
Multi-broker brokerage	Brokerage will be charged as a rate of the value of the transaction. The brokerage rate is negotiated between you, your adviser and the approved broker. A settlement fee of \$15.37 is paid to the Operator per contract settled. ³	Brokerage applies when your adviser purchases or sells listed securities (for example, company listed securities, exchange-traded securities, property trusts and income securities) using another Operator approved broker. Brokerage will be deducted from your cash account on contract settlement together with the settlement fee. ³
Term deposit transaction fee	Nil	The Operator does not charge a fee to purchase or withdraw from term deposits purchased as part of your account. An early withdrawal fee may be charged by the term deposit provider when you redeem or partially redeem a term deposit before maturity. Interest penalties may also be charged by the underlying term deposit provider. Please refer to the relevant term deposit provider's product disclosure document for more information.

1 All figures disclosed include the net effect of GST and RITC. Refer to the 'Additional explanation of fees and costs' section of this IDPS Guide for further details.

2 Excludes any listed security trades placed as part of a managed account.

3 Should the transaction fail to settle, any default and/or dishonour fees will be deducted from the balance of your cash account.

Buy-sell spreads

The buy-sell spreads for managed funds and unlisted investments vary for each investment. Some investment managers disclose a different price between buying and selling units, and this buy-sell spread may be applicable each time you transact. You should refer to the disclosure document for each of your investments for more detail on these price differences.

The sub-custodian may offset your instructions to buy or sell a managed fund against another instruction to sell or buy that managed fund so that only net transactions are acted on. This will result in a reduction in fees and charges that would have applied had the

transaction been processed individually. This fee reduction will be retained by the sub-custodian and may be used to reduce the cost of services they provide.

Further information about the amount of the buy-sell spreads that may be applicable for each underlying investment available through the Service is disclosed in the Investment List.

Where applicable, buy-sell spread from underlying investments will be included in your periodic statement and referred to as 'Buy/sell spreads' under Fees and costs deducted from your investment.

1 'Administration fee' refers to the tiered Administration fee rates and does not include the Cash account fee.

Investment fees and costs

The Investment fees and costs are payable to the investment manager or responsible entity of your underlying investment in a managed account, managed fund or unlisted investment.

These costs are not deducted from your pooled cash account. For managed funds and unlisted investments, these costs are generally deducted before calculating the unit price for the investment.

For a managed account, the managed account fee charged by the investment manager of the managed account is deducted from the cash holding within the managed account.

Where applicable, investment fees and costs from underlying investments will be included in your periodic statement and referred to as 'Management fees and costs' under Fees and costs deducted from your investment.

Refer to the Investment List for the other costs charged by or in each underlying investment available through the Service. Further information on the fees and costs applicable in an underlying investment is set out in the relevant disclosure document for the underlying investment, available on request and free of charge from your adviser or by contacting FirstWrap Service and Support on 1300 769 619. The fees and costs applicable in an underlying investment may also change from time to time as determined by the investment manager or responsible entity of the underlying investment.

Investment costs do not apply for investments in listed securities or term deposits where these are held directly in FirstWrap Plus Investments.

Any relevant rebates received from the investment manager or responsible entity of an underlying investment will be passed on to investors. Additional rebates may apply to you where agreed between your adviser and certain underlying investment managers or responsible entities.

Performance fees

The Operator does not deduct performance fees. However, some underlying investments may have a performance fee. Refer to the PDS for the underlying investments, available from your adviser.

Where applicable, performance fees for underlying investments will be included in your periodic statement and referred to as 'Performance fees' under Fees and costs deducted from your investment.

Adviser fees

You can agree with your adviser to pay fees in exchange for the advice and related services they provide to you. Where you provide us with your written consent to do so, you direct us to establish a monthly deduction of Adviser service fees on either an ongoing or fixed term basis. These fees are deducted from your cash account. You cannot pay both an ongoing and a fixed term fee at the same time. You can also agree with your adviser to pay a one-off fee for the advice and related services provided to you.

Any ongoing or fixed term Adviser service fee will be paid to your current adviser or any subsequent adviser on your account. You can update the adviser on your account at any time. You can also renegotiate the adviser fees with your adviser at any time.

Where you instruct us to deduct adviser fees from your investment account, the fee must be:

- consented to by you in writing, and
- of a reasonable amount for the advice and services provided to you.

Where there are multiple account holders of an investment account, all account holders will need to provide their consent to request us to pay an ongoing Adviser service fee from the account.

For retail investors, where you agree to pay an Adviser service fee to your adviser, we will continue deducting these fees from your account until:

- your fixed term fee has expired,
- when you do not renew your consent to continue an ongoing Adviser service fee, or
- you ask us to stop deducting the fees from your account.

Where your arrangement with your adviser is to pay ongoing fees from your account, you will also need to tell your adviser where you instruct us to stop paying fees from your account.

We recommend you speak to your adviser before making changes to the Adviser service fees on your account as this may result in changes to the advice and related services they provide to you. Where you instruct your adviser to stop these fees from being deducted from your account, your adviser has 10 business days to notify us to cease the fees. Fees will end on the date we are notified.

Your written consent to deduct Adviser fees from your account

To facilitate the deduction of any adviser fee we must have your written consent or a copy of it, which is provided to us by your adviser. Consent must be provided by using our Fee consent forms (or industry standard form where available).

Fees can be established as either one of the following types:

- **Ongoing Adviser service fee**

Where you agree with your adviser to pay an ongoing Adviser service fee from your account, the deduction will begin from the date we receive a valid signed request. For retail accounts, you (all account holders where more than one) must provide written consent annually in order for the fees to continue. If your consent is not renewed, the fees will stop being deducted at the 'expiry date' provided to us on your last written consent, or

- **Fixed term Adviser service fee**

Where you establish a fixed term arrangement with your adviser, we will only deduct an Adviser service fee for the period agreed by you and your adviser on the Fee consent form. These fees will cease once the 'end date' of your fixed term fee is reached. To establish a new fixed term fee to be deducted from your account you will need to complete a new request.

To make changes to your fees a new Fee consent form must be completed. Upon processing your written instructions to amend your fees, we will commence deducting the fees from your cash account from the day we receive your instructions.

We will not be liable for any delay that may occur from the time your request is received due to incomplete instructions or information not provided at the time of your request.

The Operator may at its discretion limit, reduce or refuse to deduct an adviser fee. The adviser will be notified where this occurs. In this case, your adviser may discuss with you an alternative means for payment.

Where you agree to pay your adviser fees from your account, the details of these fees will be provided to you by your adviser prior to the deduction. You can also see the amount of fees being deducted from your account in your statement or online where you have access.

Your adviser can help you to understand the advice and related services you will receive for the fees you pay to them. If you have any queries in relation to the advice or related services received, your adviser is best placed to assist you with these. If you want to know more about the amount of fees, your adviser can assist or you can contact us directly.

Your adviser may also agree to pay a portion of the adviser fees to their licensee group for services they provide to your adviser. Where this applies, this is not an additional amount paid by you but is included in the adviser fees deducted from your account. Please speak to your adviser for more information.

Upon notification of your death, we may cease deducting adviser fees from your account. For further information refer to the section 'What we do in the event of your death' in the Other Important Information brochure.

The actual fees paid by us to your adviser and/or their licensee group include GST. However, the fee deducted from your cash account will be less than the amount paid to the adviser where GST RITCs apply to those fees.

Should the ATO change their view in relation to GST RITCs, this may result in an increase in net fees in the future.

Model portfolio arrangements

You and your adviser can use a Model portfolio with your account where your adviser's licensee group with an investment manager or investment consultant will provide you with investment services in relation to your chosen model portfolio.

A Model portfolio fee will apply on the value of your account managed under your chosen Model portfolio. If you wish us to deduct and pay this fee from your account, we require your prior authorisation and consent, to deduct and pay this fee to your adviser's licensee group for the services they provide to you in managing your investments in accordance with the Model portfolio selected by you and your adviser.

For more information about Model portfolios, please refer to the 'Model portfolio' section within your Other Important Information brochure or your adviser for any relevant Investor Agreement and the relevant Financial Services Guide relating to your arrangement.

Example of annual fees and costs for a balanced investment option

This table gives an example of how the ongoing annual fees and costs in the balanced investment option for this product can affect your investment over a 1-year period. You should use this table to compare this product with other products offered by managed investment schemes.

EXAMPLE ¹ – Vanguard Growth Index Fund (VAN0110AU)		BALANCE OF \$50,000 WITH A CONTRIBUTION OF \$5,000 DURING YEAR
Contribution fees	Nil	For every additional \$5,000 ² you put in, you will be charged \$0.
PLUS Management fees and costs ^{3, 4}	0.480% deducted directly from your account + 0.296% deducted indirectly. ⁴	And , for every \$50,000 you have in Vanguard Growth Index Fund (VAN0110AU) you will be charged or have deducted from your investment \$388.08 each year.
PLUS Performance fees	Nil	And , you will be charged or have deducted from your investment \$0 in performance fees each year.
PLUS Transaction costs	Nil	And , you will be charged or have deducted from your investment \$0 in transaction costs.
EQUALS Cost of Vanguard Growth Index Fund (VAN0110AU)	If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees and costs of \$388.08. ⁵ What it costs you will depend on the investment option you choose and the fees you negotiate.⁶	

- 1 All figures include the net effect of GST and RITC. Refer to the GST and RITC section above for further details.
- 2 For this example, the contribution of \$5,000 is made at the end of the year.
- 3 This is equal to 0.480% (Administration fee) + Indirect fees and costs of 0.290% (investment costs for Vanguard Growth Index Fund (VAN0110AU)) and 0.850% (Cash account fee on the \$550 retained in your cash account).
- 4 You are required to maintain a minimum cash balance, and this example reflects the Cash account fee that will apply on your cash account balance. If, in addition to \$49,450 invested in the managed fund, you also held \$550 in your cash account, the Cash account fee would be \$4.68 (\$550 x 0.850%).
- 5 Additional fees may apply. Establishment fee: \$0. And, if you leave the Service early, you may also be charged exit fees of 0% of your total account balance.
- 6 The administration fees and costs for this product are not subject to negotiation and are outlined in the fees and costs table.

Note: Additional fees may apply.⁵

The fees and costs relate to access to the investments on the Investment List and some (but not all) of the costs within those investments. Additional costs will be charged by the issuers of the investments that you decide to invest in. You should refer to the disclosure documents for the accessible investments for more details on the fees and costs that may be charged by those issuers. The disclosure documents are available on request and free of charge from your adviser.

The following assumptions apply to this example:

- All figures include the net effect of GST and RITC. Refer to the GST and RITC section above for further details.
- 100% is held in the cash account.
- It is based on the minimum investment amount of \$50,000.
